Rewriting Joseph Harris, 2017-08-01 Like all writers intellectuals need to say something new and say it well But for intellectuals unlike many other writers what we have to say is bound up with the books we are reading and the ideas of the people we are talking with What are the moves that an academic writer makes How does writing as an intellectual change the way we work from sources In Rewriting Joseph Harris draws the college writing student away from static ideas of thesis support and structure and toward a more mature and dynamic understanding Harris wants college writers to think of intellectual writing as an adaptive and social activity and he offers them a clear set of strategies a set of moves for participating in it The second edition introduces remixing as an additional signature move and is updated with new attention to digital writing which both extends and rethinks the ideas of earlier chapters

American Usage Bryan Garner, 2009-08-27 Since first appearing in 1998 Garner's *Modern American Usage* has established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation Now in the third edition readers will find the Garner's Language Change Index which registers where each disputed usage in modern English falls on a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout Garner's *Modern American Usage* 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved *Writing Instruction for*

Generation 2.0 Gloria E. Jacobs, 2011-01-16 *Writing Instruction for Generation 2.0* addresses many of the concerns teachers have about the impact of the digital world on student writing and suggests ways for teachers to approach these issues within a 21st century literacies framework This book is not about teaching the writing process running a writing workshop or using specific digital tools to support writing instruction Forward thinking teachers who wish to understand the 21st century literacies understand what youth are doing in respect to those literacies and discover how they can apply this knowledge to classroom instruction will find answers to their questions The chapters include specific suggestions but those suggestions are meant as a jumping off point for imaginative and innovative teachers to adapt to meet the specific needs of students in their classrooms

Seductive Academic Writing Danyal Freeman, 2018-04-18 This volume teaches academics and graduate students how to write seductive academic prose by learning a literacy rarely taught in academic writing or style handbooks to use literary devices and figures of speech to meet ideals of stylish communication and how these ideals and supposed literary techniques serve academic readers and writers Part one explores the persistent problem of the bad academic writing style called academese and argues stylish academic writers avoid it by writing with figures of speech Part two teaches and illustrates figures of speech seductive writers write into academic prose to convey the music and rhythms of good speech cohesion coherence and storytelling and the personality and passions of the author Part three argues the academy will not heal itself of academese until academic writing pedagogies teach students to care enough for their readers to write with figures of speech that craft seductive academic writing

Garner's Modern English Usage Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2 300 word frequency ratios the magisterial fourth edition of this book now renamed Garner's *Modern English Usage* GMEU reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness finesse and wit He discourages whatever is slovenly pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing

instruction on skillful persuasive and vivid writing Garner liberates English from two extremes both from the hidebound purists who mistakenly believe that split infinitives and sentence ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available In this fourth edition Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources No other resource provides as comprehensive reliable and empirical a guide to current English usage For all concerned with writing and editing GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to whether in word choice syntax phrasing punctuation or pronunciation No matter how knowledgeable you may already be you are sure to learn from every single page of this book
