WIMPS INTO WINNERS: HOW TO WALK TALL AND KICK BUTT WITH WOMEN!!!

Tuesday, 11:00 A.M.

Dear Friend,

There's a common saying in street fighting that 95% of all real fights wind up in a clinch and go to the ground. Could that really be true? Frankly, I don't know. But I will say this: 95% of the time, a woman will test you by the second date, or sooner, to see:

1. If you'll take her bullshit.
 2. How hungry you are for her attention(remember: those who look hungry, never get fed).
 3. Just how much control she can exert over you and/or the relationship.
- In this issue, I'd like to talk about how you can pass those tests, and how to do some testing of your own. Believe me, this is important. If you've ever been dumped for being "too nice", or have been told, time and again, "let's just be friends", it's because you haven't learned to recognize when you're being tested or just haven't yet learned how to properly respond. You thought you would get points for being "co-operative" and "helpful", and instead you just got the fuzzy end of the lollipop.

Why She Tests You: The Search For Strength And Certainty

Look: one of the primary things that women are looking for from a man is security; the feeling that someone is stronger than they are. When you put a woman in her place, when you set rules and boundaries for her to follow, it lets her know she can relax around you and feel comfortable and secure. This search for strength is the single most important reason why she tests you.

The other factor is ambivalence, or what I call the "make up my mind for me" syndrome. You see, the sad reality is that often a woman just isn't that interested in you one way or another. Maybe you aren't exactly the physical type she goes for, maybe she just got burned in a bad relationship, or there's some unseen competitor who she's waiting to hear from. What ever her reasons, you can tell this is happening when you hear something like,

"Uh...well, I'd like to go out with you Friday, but why don't you call me late Friday afternoon and I'll let you know for sure?".

Finally, there is the fact that sometimes modern women just get overwhelmed with eighty billion things they are trying to do at once. And, when overwhelmed, they flake on commitments that occur during the peak of the overwhelm.

How To Handle It..Dealing From A Position Of Strength

To get back to street fighting analogies, there's a concept from Jeet Kun Do, the fighting style of the late, great Bruce Lee, that basically says that any weapon thrust your way as part of an attack is just a convenient target to be
