

RHYTHMIC REVIEW

a. The instrument should be in good mechanical condition, and the proper lay on the mouthpiece so that a round and full tone will result.

b. One of the important essentials in the playing of an instrument is a rhythmic conception at sight, and a correct evaluation of note and rest values.

c. In playing the succeeding studies, special attention should be placed on the proper arrangement of embouchure, also body and hand position.

d. All pupils beginning work in this book, should be able to read at sight, all the studies on this page.

e. Pupils should be supplied with music note books for the purpose of writing rhythms and melodies that the teacher may request.
