Russian Chess:

The Case of the Russian Chessboard Charlie Roxburgh, 2011-10-07 Mr Holmes save my sister from whatever nameless horror has just driven this friend of ours to her death It is late on a foggy November afternoon and a desperate young woman arrives at Baker Street imploring Sherlock Holmes to help her She is terrified about what may be going on inside a secretive London refuge for Russian exiles where her sister works And so begins a frightening case which deeply strains both Holmes and Watson because of dreadful consequences of failure and the mystifying nature of the forces against them The case leads into strange territory Into the circles of Victorian London s radicals and idealists where early feminists and socialists rub shoulders with exiled foreign revolutionaries To a utopian anarchist commune in Essex wilderness which imitates Tolstoy s farm communes in Russia Into the dark political world from which London s Russian exiles have fled The trail leads on to one shocking discovery after another as Holmes unravels a conspiracy as evil and twisted as a labyrinth in hell Lengthwise The Case of the Russian Chessboard totals three original Sherlock Holmes Short Stories Narrated by Dr Watson the tale respects Sherlock Holmes traditions and 1890s historical facts Mingling mystery with gaslight it offers a gripping atmospheric and thought provoking read

continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia's success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government
