The book presents an exhaustive exposition of the prevalence and management of neurological disorders in India. It comprehensively covers various infections: viral, bacterial, prions and parasitic. It also covers epilepsy, vascular diseases, degenerative and environmental diseases, nutritional deficiency disorders, paediatric neurology, imaging of CNS infections and other disorders of the nervous system. Each chapter begins with a short historical account of the disease followed by a critical evaluation of the epidemiological and/or hospital-based data. This is then compared with the data of other global populations. A clinical description of the disease is then presented and variations in India from the standard description are highlighted. The chapter then discusses the related pathology, basic mechanism and patient management and suitably emphasizes the specific variations in India. About the Author: Noshir H Wadia MD FRCP London FNA FA Sc FAMS D Sc Honoris Causa is currently serving as Research, Jaslok Hospital and Research Centre, Mumbai. He was the Professor of Neurology at the Grant Medical College and JJ Hospitals, Bombay and is now designated Consultant Neurologist for Life at the same two institutions.
