Sacred Science The King Of Pharaonic Theocracy:

Sacred Science R. A. Schwaller de Lubicz, 1982-04-01 R A Schwaller de Lubicz 1887 1961 one of the most important Egyptologists of this century links the sacred science of the Ancients to its rediscovery in our own time Sacred Science represents the first major breakthrough in understanding ancient Egypt and identifies Egypt not Greece as the cradle of Western thought theology and science *Als die Götter Menschen waren* Peter Nowak, 2018-05-30 Dieses Buch schlgt einen Bogen von der fernsten Vergangenheit zu den bereinstimmenden Weissagungen verschiedener Religionen ber das Ende unseres Zeitalters Es zeigt auf der Grundlage der alten berlieferungen das Verh ltnis von Gott und G ttern Engeln und ihren Einfluss auf die Entwicklung der Menschheit Behandelt werden unter anderem die Weissagungen der Essener der Bibel des Koran der Hindhu Schriften der Edda und der Budhisten zum Ende unseres Zeitalters deren bereinstimmung selbst den Anh ngern dieser Religionen unbekannt sein d rfte Die Deutung dieser Prophezeiungen folgt dabei keinem Dogma sondern erkl rt sie aus dem Vergleich ihrer Aussagen untereinander und mit der Wirklichkeit unserer Zeit In Bezug auf die Essener wird dar ber hinaus gekl rt wer der Lehrer der Gerechtigkeit war welches Verh ltnis die Essener mit den Christen verbindet und wie die Essener aktiv in deren Geschichte eingriffen All dies ist obwohl aus den berlieferungen zu entnehmen der wissenschaftlichen Theologie **Sie Besiegten Atlantis** Peter Nowak, 2012-09 Die Pelasger sind ein antikes Volk ber deren Herkunft und Wirken bisher wenig bekannt ist Hier wird ihre Verbindung zu dem Atlantis Bericht Platons aufgezeigt und ihre Geschichte von der Vorzeit bis zur Zeit ihres Verschwindens nach dem 2 Trojanischen Krieg aus den antiken Quellen rekonstruiert **Nothing in This Book Is True, But It's Exactly How Things Are, 25th Anniversary Edition** Bob Frissell, 2019-06-25 The twenty fifth anniversary edition of this underground classic explores higher consciousness human evolution metaphysics sacred geometry the secret government and more Nothing in This Book Is True But It s Exactly How Things Are details from a big picture perspective the enormous infusion of higher dimensional energy that is dramatically raising the vibratory rate of the planet and everyone on it Bob Frissell has greatly expanded upon the previous edition by including ten completely new chapters Frissell also gives the details of the personal transformation that we must make if we are to survive and thrive so we can catch the ride into higher consciousness in a way that enables Mother Earth to reach critical mass and become lit from within This is the story of nothing less than the birth of a new humanity and the cocreation of Heaven on Earth Barefoot Zen Nathan J. Johnson, 2000-11-15 Johnson makes the Shaolin way legacy accessible to all releasing the art from the clutches of popular images and painful concerns about self defense Barefoot Zen is a brave new approach to the martial arts which clearly demonstrates that the traditional movements of both Kung Fu and Karate contained in the solo choreographed sequences of movements known as forms or kata grew out of the spiritual practices of the Shaolin order of Buddhist monks and nuns Nathan Johnson explains that this mystical and non violent teaching is a profound and beautiful expression of Chan Zen Buddhism and its pursuit of wisdom peace and enlightenment

Contrary to popular assumption he contends that it was never intended to be an actual means of self defense Barefoot Zen bridges the gap between Kung Fu and Karate and reveals their common origin through the disclosure of vital research material on three of the world s most important Karate kata Part I explains the spiritual disciplines that contributed to what we know as the martial arts Part II explains the creation of the art along with practical instruction for performing kata Part III explains the formation of many of the world s Kung Fu styles We learn that the original empty hand art was used as a method of kinetic meditation between pairs and was designed as a practical tool to assist practitioners in transcending the fear and insecurity of everyday living The legendary courage of the Shaolin Chan Zen order was not developed by fighting with enemies but by not fighting The Shaolin teaching was designed to free us from fear the only true enemy Inner Guide Meditation Edwin Steinbrecher,1987-11-01 Describes the transformational journey to enlightenment and awareness using the tarot astrology the Qabalah the alchemy of transformation and analytical psychology *Shamanic Mysteries of Egypt* Nicki Scully,Linda Star Wolf,2007-03-20 A book of wisdom teachings and rituals that invoke ancient Egyptian deities to awaken human consciousness Provides guided shamanic visualizations to invoke 26 of the most significant gods Takes the reader through shamanic portals of death rebirth and illumination Reconciles internal conflict through a sacred marriage of heart and mind In *Shamanic Mysteries of Egypt* Nicki Scully and Linda Star Wolf renew humanity s connection to the ancient gods of Egypt the neteru Voices from these divine ancestors remind us of the healing power of the heart and call us to bring their consciousness into the present to help us remember our true nature as divine humans with sacred purpose The authors provide rituals meditations and rites of passage to help us meet our personal and planetary challenges with grace wisdom and love The shamanic initiations provided are invoked directly experienced and transformed into embodied wisdom that awakens consciousness and illumines the intelligence of the heart Scully and Star Wolf focus their rituals on 26 of the primary divine entities that preside over the ancient mysteries whose roots are in Old Kingdom and pre historic Egypt This fresh interpretation of ancient mysteries unites the energies of Thoth and Anubis to guide us through the current cycle of Earth changes and to help us remember who we really are at heart Through these passages Anubis lives up to his ancient title as the Opener of the Way and Thoth as the Architect of Higher Learning Together they evoke their power to unite heart and mind in the sacred marriage that brings transformation renewal and the awakening of consciousness **Inside the Cosmic Mind** Phoebe Wyss,2014-07-29 Phoebe Wyss an experienced astrologer here examines all aspects of astrology in the light of the emerging worldview known as archetypal cosmology She sets out by exploring the classical roots of astrology in sources of wisdom found in the ancient Egyptian mysteries She then follows the tradition to modern times through C G Jung s ideas on the nature of the psyche She also discovers that the claims of astrology are entirely compatible with new cosmological thinking as envisioned by post modern physics and chaos theory In the second part of the book she proposes that the mathematical basis of astrology and the components of astrological charts are both archetypal and cosmic in scope

She argues that the twelve astrological archetypes make up a single cosmic mind whose patterns are imprinted on all our individual minds Finally she exemplifies this radical approach to astrology through an interpretation of the chart of William Blake

Journey into Time George Richards, 2011-07-01 What follows in the pages of this book are questions that most people will ask when they read of the ancient past The Why and the When and most importantly the How still eludes the minds of the readers As a result we place our trust in the experts and accept their theories as they relate to the age old questions But are they right in their suppositions How often has the experts had to rewrite history to accommodate new evidence that has surfaced How often have we seen evidence pushed aside to accommodate what the scholars deem an established theory In what follows we will question some of the age old beliefs that still haunt the minds of the human family and offer alternative theories based on the available evidence

Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In *Pyramid Quest* Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

Oannes und andere Geschichten Flurin von Albertini, 2021-11-05 Diese Arbeit richtet sich weniger an die akademische Welt sondern an Menschen welche die Sintflut aus dem Religionsunterricht oder gar nur vom Hörensagen kennen Dem Leser unterbreiten wir eine Welt vor der Bibel und zeigen auch wie sehr das Alte Testament mit den Mythen der alten Welt verbunden ist Denn es gab einmal in der Sahara als diese noch grün war ein Volk mit hoher Kultur und einer ausgebildeten Sprache Die Versteppung der Sahara zwang es zur Auswanderung Richtung Osten und Nord Westen Im Osten gelangte es über Ägypten Mesopotamien Persien Indien bis nach Japan Im Westen gelangte es über den Atlantik nach Amerika und im Norden besiedelte es die spanischen Küsten und die französische Atlantikküste All diese nach der Sintflut entstandenen Kulturen gehen auf das Saharavolk zurück Wir meinen dass es vor der Sintflut eine weltumfassende Zivilisation gegeben haben muss von der wir wenig wissen und die wir nur errahnen können

Hendaye Jay Weidner, Vincent Bridges, 2003-12-10 Decodes the message inscribed on the Great Cross of Hendaye in France Uses the work of 20th century alchemist Fulcanelli to predict the date of the fatal season of the apocalypse Shows how periodic galactic alignments may cause catastrophes on Earth Examines how the secret of the center of the galaxy reveals the true location of the lost civilization of Atlantis Reveals the alchemical secret of the imperishable Light Body of ancient Egypt deep within our DNA The Mysteries of the Great Cross of Hendaye reveals one of Western occultism's deepest secrets The alchemical transformation of base metal into gold is also the transformation of the current Iron Age into the Golden Age Based on the work of the enigmatic 20th century alchemist Fulcanelli authors Weidner and Bridges show how the greatest alchemical secret is that of time itself and that coded into an obscure monument in southwestern France the cross in the town square of Hendaye is the imminent date of the apocalypse The authors' explorations of this symbolism lead them from the cross of Hendaye to the western facade of the cathedral of Notre Dame in Paris the Pyrenees ancient Egypt and the secret origins of Atlantis in Peru to reveal that we are indeed living in a fatal season and that this season is intimately connected to our solar system's alignment with the galactic center The authors' in depth examination of alchemy's connection with the coming end days also reveals that this astro alchemical knowledge was part of the sacred science of the Egyptians and the Atlanteans whose coded messages are at last deciphered to guide humanity to its future destiny **Fingerprints Of**

LaViolette, 2004-04-15 Provides compelling evidence that creation myths from the dawn of civilization correspond to cutting edge astronomical discoveries Exposes the contradictions in current cosmological theory and offers a scientific basis for the ancient myths and esoteric lore that encode a theory of continuous creation By the scientist who was the first to disprove the Big Bang theory on the basis of observational data Recent developments in theoretical physics including systems theory and chaos theory are challenging long held mechanistic views of the universe Many thinkers have speculated that the remnants of an ancient science survive today in mythology and esoteric lore but until now the scientific basis for this belief has remained cloaked in mystery Paul LaViolette reveals the remarkable parallels between the cutting edge of scientific thought and creation myths from the dawn of civilization With a scientific sophistication rare among mythologists LaViolette deciphers the forgotten cosmology of ancient lore in a groundbreaking scientific tour de force In direct nontechnical language he shows how these myths encode a theory of cosmology in which matter is continually growing from seeds of order that emerge spontaneously from the surrounding subquantum chaos Exposing the contradictions that bedevil the big bang theory LaViolette offers both the specialist and the general reader a controversial and highly stimulating critique of prevailing misconceptions about the seldom questioned superiority of modern science over ancient cosmology By restoring and reanimating this ancient scientific worldview **Genesis of the Cosmos** leads us beyond the restrictive metaphors of modern science and into a new science for the 21st century **Armageddon Again** John Bliss, 2011-05 Join author John Bliss in his theological study **Armageddon Again** Where Have We Been and Where Are We Headed and discover the hidden truth about the many wonders of the world Learn the basics for pursuing our destiny through revealing our past and the three worldwide cataclysmic periods fire ice and water Whether you are a novice to theology or a scholar this book will unlock your inner curiosity about religion and our future **Armageddon Again** suggests that we are on the cusp of one final period of fire as stated not only in Scripture but countless other ancient reports Ancient records detail that Satan misguided man through cataclysmic events to incorporate an advanced and technological way of life that led them away from God Proof is scattered across our planet that ancient civilizations were more technologically advanced than we are today and built what Bliss calls Wonderworks magnificent stone structures and drawings etched into the earth's landscape **Armageddon Again** is the key that opens the door to our hidden past and certain future that is critical for all of mankind to know Everybody on the face of the planet regardless of their religion must realize that we are all bonded by the same history that draws us to the Divine This history has been hidden from us by Satan in order to keep us from being in union with our heavenly Father This union is the catalyst to not only usher in Jesus as King on Earth but to also save those from the final cataclysm of fire that Scripture and other cultural texts warn us about Once these revelations are brought to light we will have no choice but to change how we live both physically and spiritually John Bliss resides in Center Line Michigan with his wife Mary They have four children and

Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *Renewing the Covenant* Leonora Leet, 1999-03-01 A guide to how meditations and principles from the Kabbalah can be used to profoundly renew spiritual practice Reveals transformational meditations and visualization exercises based on the profoundest truths concealed in the Kabbalah The covenant that bound God to the Patriarchs in a special relationship of obligation and empowerment was renewed by God with Israel at Sinai and Moab Each of these three Jewish covenants can be associated with a particular spiritual practice the Patriarchal Covenant with Father Isaac s practice of meditation The Sinai Covenant of Holiness with the observance of the Sabbath required in its Ten Commandments and the Moab Covenant of Love comprising the entire Mosaic Torah with the practice of prayer instituted there In *Renewing the Covenant* Leonora Leet shows how this ladder of increasingly demanding and potent covenantal practices can enable one to ascend to ever higher levels of mystical Judaism At this threshold of a new millennium increasing numbers of people are seeking a more direct connection with the Divine To aid such a process *Renewing the Covenant* provides new paths for entering the treasurehouse of Jewish spirituality and achieving higher consciousness paths that can deepen the devotions of both nonobservant and traditionally observant Jews This process of covenant renewal begins with effective kabbalistic techniques of meditation combining mantra with visualization proceeds through the return to a reconstructed Sinai Sabbath and arrives at the culminating practice of ritual prayer whose performance can fulfill the kabbalistic purpose of creation When undertaken in the steps laid out by Dr Leet this process can help many to discover forms of spiritual practice precisely tailored for the modern world as well as a new

appreciation for the rich spiritual heritage of Judaism The Nonsense Papers James W. Astrada, 2012-09 The idea of aliens and UFOs has always played a crucial role in human history Regardless of the ridicule this mind set inspires in skeptics the intense speculation and debate on this topic continues to intrigue around the world Hundreds have shared detailed personal experiences of contact with these beings or crafts recounting a wide variety of alien interaction with our world and its peoples Yet the official explanations swamp gas weather balloons and more just don't match up with these reports The Nonsense Papers anthology explores these controversial and contemporary issues considering a wide variety of interrelated topics UFOs Military black projects based on alien technology Former NASA missions and the possible secrets they hold An alternative view on organized religious cults and how their origin by our creators from the stars Environmental issues including climate change Time travel Testimonies from those who offer insight on alien contact The future and fate of our planet after 2012 This collection also focuses on humanity and culture examining where we are headed if we continue down our current path It questions those who plan to save humanity by making exaggerated claims and impossible goals and challenges us to analyze and examine ourselves and our society as a whole It implores humans to use common sense rationality and logic as our present life seems void of feelings dreams hopes and desires Overall the only way humans can save these precious ideologies is in the discovery of ourselves **The Secret Doctrine of the Kabbalah** Leonora Leet, 1999-08 The Secret Doctrine of the Kabbalah resurrects this ancient body of knowledge to reveal eternal truths that profoundly impact contemporary spirituality Experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the cosmological diagram of the entire Western esoteric tradition the kabbalistic Tree of Life Theory of Categorical Conversion Kofi Kissi Dompere, 2017-02-16 The Theory of Categorical Conversion is advanced by Professor Kofi Kissi Dompere as mathematical philosophical and game theoretic foundations to solve the problem of socio natural transformation as governed by some internal process in relation to Marx Schumpeter and Nkrumah Dompere's methodology is based on the Africentric principles of opposites made up of actual potential polarity negative positive duality with relational continuum and unity under cost benefit rationality and Asantofi Anoma principle supported by fuzzy paradigm of thought Socio natural transformations are seen in terms of game theories in a fuzzy stochastic space admitting of defective deceptive information structures in quality quantity space within the subjective objective duality The main premise of the monograph is that there exists a set of necessary and sufficient conditions for internal self transformation The necessary conditions are made up of categorical moments and categorical transfer functions forming the domain of control instrumentation in creating the sufficient conditions for categorical conversion processes Dompere presents an important methodological framework for the study and construction of the theories of socioeconomic development and political change as well as info dynamics connecting knowledge sciences innovation and engineering to the space of knowing under qualitative quantitative transformational dynamics with defective deceptive information structures in the games for power

and dominance by duals and poles in conflicts The necessary conditions of socio natural transformation are internally derived based on the relational structure of matter energy information activities within the dynamics of qualitative dispositions of dualities of actual potential polarities The theory consists of category formation showing ontological epistemological categories and categorial dynamics shows elemental conversions of categorial varieties in a continuum The logical tools and the paradigm of thought for the theoretical development of Nkrumah s framework involve self excitement self correction and self control systems induced by internal contradictions The set of necessary conditions constitutes the natural necessity that constrains cognitive freedom in socio natural transformations Had this conceptual system been familiar to economists and social scientists the construct of the theories of socioeconomic development and transformations would have been increasingly successful
