The Communism of Love Richard

Gilman-Opalsky, 2020-12-01 Exploring the meanings and powers of love from ancient Greece to the present day Richard Gilman Opalsky argues that what is called love by the best thinkers who have approached the subject is in fact the beating heart of communism understood as a way of living not as a form of government Along the way he reveals with clarity that the

capitalist way of assigning value to things is incapable of appreciating what humans value most Capitalism cannot value the experiences and relationships that make our lives worth living and can only destroy love by turning it into a commodity The Communism of Love follows the struggles of love in different contexts of race class gender and sexuality and shows how the aspiration for love is as close as we may get to a universal communist aspiration

Nobody Is Supposed to Know C. Riley Snorton, 2014-03-01 Since the early 2000s the phenomenon of the down low black men who have sex with men as well as women and do not identify as gay queer or bisexual has exploded in news media and popular culture from the Oprah Winfrey Show to R B singer R Kelly s hip hopera Trapped in the Closet Most down low stories are morality tales in which black men are either predators who risk infecting their unsuspecting female partners with HIV or

victims of a pathological black culture that repudiates openly gay identities In both cases down low narratives depict black men as sexually dangerous duplicitous promiscuous and contaminated In *Nobody Is Supposed to Know* C Riley Snorton traces the emergence and circulation of the down low in contemporary media and popular culture to show how these portrayals reinforce troubling perceptions of black sexuality Reworking Eve Sedgwick's notion of the glass closet Snorton advances a new theory of such representations in which black sexuality is marked by hypervisibility and confinement spectacle and speculation Through close readings of news music movies television and gossip blogs *Nobody Is Supposed to Know* explores the contemporary genealogy meaning and functions of the down low Snorton examines how the down low links blackness and queerness in the popular imagination and how the down low is just one example of how media and popular culture surveil and police black sexuality Looking at figures such as Ma Rainey Bishop Eddie L Long J L King and Will Smith he ultimately contends that down low narratives reveal the limits of current understandings of black sexuality

The Painful Truth about Hunger in America Mariana Chilton, 2024-10-01 A radical and urgent new approach to how we can solve the problems of hunger and poverty in the US Most people think hunger has to do with food researchers policymakers and advocates focus on promoting government funded nutrition assistance well meaning organizations try to get expired or wasted food to marginalized communities and philanthropists donate their money to the cause and congratulate themselves for doing so But few people ask about the structural issues undergirding hunger such as Who benefits from keeping people in such a state of precarity In *The Painful Truth about Hunger in America* Mariana Chilton shows that the solution to food insecurity lies far beyond food and must incorporate personal political and spiritual approaches if we are serious about fixing the crisis Drawing on 25 years of research programming and advocacy efforts Chilton compellingly demonstrates that food insecurity is created and maintained by people in power Taking the reader back to the original wounds in the United States caused by its history of colonization genocide and enslavement she forces us to reckon with hard questions about why people in the US allow hunger to persist Drawing on intimate interviews she conducted with many Black and Brown women the author reveals that the experience of hunger is rooted in trauma and gender based violence violence in our relationships with one another with the natural world and with ourselves and that if we

want to fix hunger we must transform our society through compassion love and connection Especially relevant for young people charting new paths toward abolition mutual aid and meaningful livelihoods The Painful Truth about Hunger in America reinvigorates our commitment to uprooting the causes of poverty and discrimination and points to a more generative and humane world where everyone can be nourished
