At the beginning of the year Mora would go to the creative area where she would quietly draw and construct many works of art and watch the rest of the children. She began to interact with friends who came to the creative area and they would talk about the things they were making and share ideas. Mora interacts with friends who struggle with a creative project by showing them innovative ways of completing their project. Mora uses clearly organized and precise drawings to show how she solves mathematical challenges. She also creates elaborately illustrated books for the classroom library.

We will encourage her to share her great thinking and creations with more friends and in more places.
