**Hybridizing Mission** Peter T. Lee, 2022-09-27 This qualitative study explores intercultural social dynamics among international Christian workers who are part of multicultural teams engaged in Christian ministries in a North African country It seeks to understand these workers lived realities at intersections of multiple cultural flows Ethnographic methods were used to collect and analyze data and forty nine international Christian workers were interviewed The findings of this study indicate that intercultural Christian workers go through complex intercultural social processes interwoven in the fabric of their everyday life These processes are mediated by their social experiences in the local North African context and their multicultural teams resulting in significant changes in their personal dispositions and social behaviors Based on these findings a working concept of diasporic habitus is developed and the practice of double discourses of culture is further examined This research suggests that some existing missiological concepts need to be revisited and recommends further interdisciplinary conversations involving cultural anthropology and sub fields in psychology about the changes that happen to people in intercultural missions It also calls for a reflexive approach to missiological research that incorporates awareness of one's situatedness and the lasting impact of historical entanglements on contemporary intercultural relations

**Our Social World** Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2018-11-29 Our Social World Introduction to Sociology inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World model a conceptual framework that demonstrates the relationships among individuals the micro level organizations institutions and subcultures the meso level and societies and global structures the macro level Jeanne H Ballantine Keith A Roberts and Kathleen Odell Korgen use this framework to help students develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects The Seventh Edition includes new coverage of climate change the influence of robots and artificial intelligence on workers race relations in the Trump era issues related to transgender identity and gender fluidity sexual harassment in the workplace and the MeToo movement declining marriage rates the impact of tracking for students at all academic achievement levels smoking as an example of health and inequality in the US gun violence and the student movement to control access to guns social media and Russian interference in the 2016 election

**MEMBUMIKAN KEARIFAN LOKAL MENUJU KEMANDIRIAN EKONOMI** Dr. Patta Rapanna, S.E., M.Si., 2016-02-29 Arus globalisasi yang melanda dunia Indonesia sudah seharusnya menyadari bahaya negatif dari globalisasi tersebut Arus globalisasi ini memberikan dua pilihan pada masyarakat dunia yaitu berenang dalam kuatnya arus atau tenggelam oleh tekanan globalisasi Pilihan tersebut menyadarkan kita betapa beratnya bertahan

hidup dalam arus globalisasi Globalisasi ini tidak lain adalah bentuk perang modern yang mempertarungkan ideologi kekuatan ekonomi kebudayaan dan peradaban Tentunya bagi bangsa yang tidak mampu bertahan melawan arus globalisasi ini akan tenggelam oleh tekanan bangsa bangsa lain Indonesia dalam konteks global adalah negara yang memiliki kekayaan sumber daya alam kebudayaan dan sangat potensial dijadikan sebagai pasar oleh negara negara maju Lalu apa yang salah di negeri ini Kebanyakan masyarakat Indonesia lebih memilih hidup dengan menyerap budaya budaya asing sementara mereka melupakan budaya dan kekayaan negerinya sendiri Juga diakui bahwa kemunduran negeri ini karena masyarakat telah melupakan budayanya Kearifan Lokal sebagai kekuatan sekaligus kekayaan bangsa dianggap sebagai solusi untuk menguatkan bangsa dari segi tantangan globalisasi Kearifan lokal dapat didefinisikan sebagai suatu kekayaan budaya lokal yang mengandung kebijakan hidup pandangan hidup way of life yang mengakomodasi kebijakan wisdom dan kearifan hidup Di Indonesia yang kita kenal sebagai Nusantara kearifan lokal itu tidak hanya berlaku secara lokal pada budaya atau etnik tertentu tetapi bersifat lintas budaya atau lintas etnik sehingga membentuk nilai budaya yang bersifat nasional Sebagai contoh hampir di setiap budaya lokal di Nusantara dikenal kearifan lokal yang mengajarkan gotong royong toleransi etos kerja dan seterusnya Pada umumnya etika dan nilai moral yang terkandung dalam kearifan lokal diajarkan turun temurun diwariskan dari generasi ke generasi melalui sastra lisan antara lain dalam bentuk pepatah dan peribahasa folklore dan manuskrip Indonesia kaya akan khasanah seni dan budaya salah satu nya berupa nilai nilai kebiasaan dan tradisi yang membentuk kearifan lokal Banyak diantaranya berkaitan dengan tatanan sosial budaya masyarakat yang menciptakan keteraturan Meski banyak nilai nilai kearifan lokal yang positif bagi praktik bisnis namun kajian kajian yang ada lebih banyak menyoroti mengenai bagaimana kearifan lokal mampu menyelesaikan berbagai permasalahan sosial budaya dan konservasi sumberdaya alam Kearifan lokal makin lama makin memudar digantikan oleh nilai nilai global Meskipun nilai global tidak selalu sesuai dengan kondisi masyarakat Indonesia namun nampaknya di kalangan muda nilai nilai tersebut tak lagi menjadi idola Namun yang lebih penting lagi adalah bagaimana mensosialisasikan nilai nilai kearifan lokal tersebut pada generasi muda sehingga tidak lenyap ditelan nilai nilai global Hal ini dikarenakan meskipun banyak perusahaan perusahaan telah go global namun masih tetap memegang prinsip Think Globally Act Locally Berfikir global bertindak menurut nilai nilai lokal adalah falsafah yang dianut perusahaan perusahaan nasional dan multinasional Untuk dapat bertindak secara lokal maka pemahaman terhadap kearifan lokal menjadi sangat penting bagi pelaku ekonomi dan dunia bisnis Kearifan lokal merupakan kebiasaan kebiasaan aturan dan nilai nilai sebagai hasil dari upaya kognitif yang dianut masyarakat tertentu atau masyarakat setempat yang dianggap baik dan bijaksana yang dilaksanakan dan dipatuhi oleh masyarakat tersebut Akhirnya dibutuhkan upaya dari seluruh elemen baik unsur pemerintah swasta masyarakat peran para tokoh dan pemuka masyarakat untuk bersama sama melestarikan kearifan lokal dalam setiap aktivitas keseharian baik di kantor atau di setiap pertemuan pertemuan formal dan non formal untuk senantiasa menghadirkan nilai nilai kearifan lokal

**Exploring Picard's Galaxy** Peter W. Lee, 2018-02-13 Serving as the sequel to Gene Roddenberry's original television series Star Trek The Next Generation pushed the boundaries of the final frontier At the same time the show continued the franchise's celebrated exploration of the human experience reflecting current social and political events ST TNG became immensely successful spawning four feature films and several television spin offs This collection of new essays explores both the series characters and its themes Topics include the Federation's philosophy concerning technocracy sexuality and biopolitics foreign policy shifts in the Prime Directive key characters including Jean Luc Picard Data Deanna Troi Tasha Yar and Klingon martial arts music and history *Prophecy and the Fundamentalist Quest* Farzana Hassan, 2015-01-28 This work traces the origins of apocalyptic prophecy in Christianity and Islam through in depth examinations of several texts found within the Bible the Quran and the Hadith The author contends that Christianity and Islam often seen as two of the primary fundamentalist and proselytizing world faiths remain pitted against each other in an ongoing struggle to impose their religious ideology on the rest of the world through either force or persuasion The religious prophecies discussed in this book are largely focused on end time or apocalyptic scenarios such as the Book of Revelation from the Bible's New Testament the prophesized hour of judgment in the Quran and the Book of Tribulations in the Hadith The final two chapters provide an analysis of current world politics including the Iraq War within the context of Christian and Islamic prophecy **Côte D'Ivoire** Ley G. Ikpo, 2015-09-16 The end of the twentieth century which was marked by multiparty democracy in Eastern European entities and Third World countries moved Cte d'Ivoire to adhere to the new democratization system in 1990 Nine years later the territory registered its first bloodless state coup On September 19 2002 the country was shared into two parts with human losses and damages when President Gbagbo was on official visit to Italy After different attempts in negotiations Linas Marcoussis 2003 Pretoria agreement 2005 and the Political Agreement of Ouagadougou 2007 for some protagonists international organizations and NGOs the perfect conflict resolution was about running elections so that the former peaceful land could regain its image of a prosperous and stable country The elections that were delayed six times came to pass and two presidents came out of the scrutiny Gbagbo was proclaimed victorious by the Ivorian Constitutional Council while Ouattara was acknowledged by the Independent Electoral Commission Once more the country fell into a postelection crisis Meanwhile the African Union the European Union the USA the French Licorne and the United Nations urged President Gbagbo to step down since Ouattara was considered the happy winner of the scrutiny The refusal of Gbagbo cost human losses and led to his arrest on April 11 2011 Nowadays the country is not unified and reconciled but it will have the 2015 elections *Creole Language, Democracy, and the Illegible State in Cabo Verde* Abel Djassi Amado, 2023-07-10 Creole Language Democracy and the Illegible State in Cabo Verde uses Cabo Verde as a case study to critically examine the language and politics nexus in a small Creole island state The current sociolinguistic condition of the country is that of

diglossia whereby Portuguese assumes the language of power prestige and high culture at the expense of the mother tongue of its citizens the Cabo Verdean language locally known as Kriolu The postcolonial diglossic language policy stands on both domestic and international factors Thus Abel Djassi Amado explores the country's language policy history since colonial times and discusses how Portugal's diplomacy grounded on language spread policy has significantly contributed to the secundarization of the mother tongue The ultimate consequence of the current sociolinguistic situation is the development and crystallization of the illegible state as a large segment of the population cannot comprehend the processes operations and procedures of power carried out in a language they do not understand The illegible state has grave consequences on political participation and the overall quality of democracy **The German New Right** Jay Julian Rosellini, 2020-03-01 Contemporary Germany is a modern industrial democracy admired throughout the world Many Germans believe that they live in the best Germany that has ever existed Yet there are dissenting voices individuals and groups that reject cosmopolitanism globalization and multiculturalism and yearn for the more homogeneous country of earlier times They are part of a global movement often characterized as populist that values tradition over innovation or constant change In Germany such people are routinely portrayed as reactionary or even neo fascist The present study seeks to provide a portrait of these individuals and their organizations Very little has been written in English about the cultural figures who play a role in this movement When the political side is discussed whether in its manifestation as a party the Alternative for Germany or a citizens group PEGIDA the cultural dimension is usually ignored Jay Julian Rosellini places the so called New Right in the context of currents in German culture and history that differ from those in other countries With Germany the dominant country in the European Union economically and politically this volume offers an essential view of its current conditions future prospects and political particularities Democracy's Double-Edged Sword Catie Snow Bailard, 2014-09-11 Playing into the hands of neither the cyber optimists nor the cyber pessimists this book makes a major contribution to our understanding Talia Stroud author of Niche News The Politics of News Choice The beauty of democracy is not only that citizens can vote a candidate into office but that they can also vote one out As digital media has grown omnipresent it becomes more important for political scientists and communication scholars to understand its influence on all aspects of the political process from campaigning to governance Catie Snow Bailard argues that the Internet by altering the quantity and range of information available to citizens directly influences the ability of individuals to evaluate government performance It also affects public satisfaction with the quality of available democratic practices and helps motivate political activity and organization Bailard originates two theories for democratization specialists to consider mirror holding and window opening which she tests using data collected from dozens of countries and two randomized field experiments Mirror holding explores how accessing the Internet allows citizens to see a more detailed and nuanced view of their own government's performance Window opening however enables those same citizens to glimpse how other governments perform particularly in comparison

to their own This book offers a robust empirical foundation for testing the Internet s effects on democratic attitudes and reminds us that access to information does not necessarily ensure that democracy will automatically flourish An outstanding book on democracy and the Internet highly original Choice      **The Coming of Neo-Feudalism** Joel Kotkin,2023-01-10

Following a remarkable epoch of greater dispersion of wealth and opportunity we are inexorably returning towards a more feudal era marked by greater concentration of wealth and property reduced upward mobility demographic stagnation and increased dogmatism If the last seventy years saw a massive expansion of the middle class not only in America but in much of the developed world today that class is declining and a new more hierarchical society is emerging The new class structure resembles that of Medieval times At the apex of the new order are two classes a reborn clerical elite the clerisy which dominates the upper part of the professional ranks universities media and culture and a new aristocracy led by tech oligarchs with unprecedented wealth and growing control of information These two classes correspond to the old French First and Second Estates Below these two classes lies what was once called the Third Estate This includes the yeomanry which is made up largely of small businesspeople minor property owners skilled workers and private sector oriented professionals Ascendant for much of modern history this class is in decline while those below them the new Serfs grow in numbers a vast expanding property less population The trends are mounting but we can still reverse them if people understand what is actually occurring and have the capability to oppose them      Impact of Political Stability on Economic Development Addis Ababa Othow Akongdit,2019-10-04 The main theme of this study is chosen in response to the general consensus on the importance of conducting a comprehensive study that may shape the economic policies and promote the business sector as well as the government and other organizations However the key question posed by this study is whether the theory that political stability fosters economic development is simply the wishful thinking of people who value both stability and growth or whether it is a delusion of those who believe that most developing countries may enjoy rapid growth if they are stable The importance of this study is clear South Sudan is confronted with enormous challenges of administrative ethnic political and economic development In light of this the current study addresses the following issues What is the impact of the political system in South Sudan on economic development What is the impact of oil resources on sustainable development What is the impact of the oil shutdown on political and economic stability and what is the possibility of deficit financing Is there any possibility for cooperation between Sudan and South Sudan In this context the major objective of this study is to analyze the political development of the country to verify that political stability fosters the achievement of economic and social development It also seeks to analyse the political history of Sudan in general and South Sudan in particular emphasising the importance of political stability among other considerations as a precondition for socioeconomic development Furthermore other objectives of the study include suggestions on how political stability could be ensured in South Sudan and how good governance may promote political and economic stability In light of the above this study focuses on the issues of the political

transition and policies that will improve the economic political and social well being of the people of South Sudan It seeks ways of setting up policies that will raise the standard of living of people with sustained growth and move from a simple low income economy to a modern high income economy It also attempts to develop a framework for cooperation between Sudan and South Sudan The methodology that is adopted to address these issues is collecting sorting and analysing primary and secondary information relating to the history of political and economic development in South Sudan using empirical approaches such as SWOT analysis information sources references and books However this study is organized as follows chapter 1 discusses political stability and economic development in a theoretical framework through which we explore the empirical analysis it is divided into four sections Section 1 focuses on definition causes and measurement of political stability with an aim to assess the effect of political stability on growth related variables In section 2 we define the concept of political instability and measure it by using indicators like the number of coups d tat the number of major government crises the number of cabinet changes and the number of political revolutions as well as political assassinations Section 3 discusses the concept and definition of economic development and summarizes the major theories of economic development in five fundamental elements The last section explores the implications of financing economic development by discussing domestic resources including deficit financing and foreign financial resources and the role of each of them in achieving economic development Chapter 2 presents the political and social background of South Sudan is divided into three sections Section 1 discusses South Sudan s ability to function and successfully implement its policies and strategic vision for the year 2040 Section 2 focuses on the demographic structure of South Sudan in terms of population education languages and culture Section 3 discusses the social indicators such as infrastructure poverty and corruption which affect improving social welfare as well as the political stability and economic development of the Republic of South Sudan Chapter 3 focuses on the South Sudan economy and the challenges Here we discuss the political and development challenges facing South Sudan as well as the investment opportunities This chapter discusses the major challenges which face South Sudan especially issues such as border demarcation political reform and oil shutdown as well as investment opportunities in oil and agriculture In chapter 4 we discuss South Sudan s oil and economic development It focuses on oil resources and their impact on sustainable development the impact of oil shutdown on political and economic development and the possibility of deficit financing In chapter 5 we discuss the future of stability and prosperity in South Sudan It discusses how good governance and cooperation can be enormously beneficial to South Sudan in the process of building sustainable political and economic stability and what South Sudan can learn from other countries The major findings of this study are as follows Political stability plays an important role in determining economic growth and economic development in many economies The degree of political stability is high if there is a high degree of democracy or autocracy Strong democracies or strong autocracies are best equipped to provide political stability that may lead to economic development It is then the level of political stability within a

given country regardless of regime type that results in economic growth Long term sustainable economic growth depends on the ability to raise the rates of accumulation of physical and human capital by securing necessary sources domestic foreign or deficit finance to use efficiently for financing economic development Most economists view corruption as a major obstacle to development It is seen as one of the causes of low income and is believed to play a critical role in generating poverty traps e g Blackburn et al 2006 Thus corruption according to this view sands the wheels of development and it makes economic and political transitions difficult Not only is good governance critical to development but it is also the most important factor in determining whether a country has the capacity to use resources effectively to promote economic growth and reduce poverty

**Theo-Politics?** Markus Höfner,2021-10-25 Using the theological work of Karl Barth as a resource for present day inquiry the contributors in this volume discuss the complex interconnections between the religious and the political designated by the term theo politics Speaking from various political and cultural contexts Germany the United Kingdom the United States Hong Kong Taiwan and the People s Republic of China and different disciplinary perspectives Protestant Theology Political Sciences and Sociology the contributors address contemporary challenges in relating the religious and the political in Western and Asian societies Topics analyzed include the impact of diverse cultural backgrounds on given theo political arrangements theological assessments of political power the political significance of individual and communal Christian existence and the place of Christian communities in civil societies In their nuanced discussions of these topics the contributors neither advocate for a privatized apolitical understanding of the Christian faith nor for a religious politics seeking to overcome modern processes of differentiation and secularization Critically engaging Barth s theology they examine the Christian responsibility in and for the political sphere and reflect on the practice of such responsibility in Western and Asian contexts

**William Blake and the Cartographic Imagination** Caroline Anjali Ritchie,2025-02-24 This book contributes to current discussions about the meaning history and theorisation of maps The monograph focuses on William Blake 1757 1827 whose astute critical angle on cartography invites us to think in a new light about mapping in the eighteenth century commonly regarded as a key phase within the history of European cartography Ritchie positions Blake as a participant in a vibrant mesh of cartographic practices seeking out his antecedents peers interlocutors and followers She characterises Blake s participation in cartographic culture as both energetic and uneasy In addition the book traces Blake s legacy as a point of contact for London based psychogeographical writers and small press publishers seeking to rethink the nature of maps and mapping in recent years and up to the present day Through its exploration of Blake s poetry art and legacy this book aims to pluralise and enrich conceptions of cartography from the eighteenth century to the present
