SAP Transaction Codes Venki Krishnamoorthy, 2012 SAP ERP Financial Accounting and Controlling Andrew Okungbowa, 2015-06-08
SAP ERP modules are notoriously hard to configure and use effectively without a lot of practice and experience. But as SAP ERP Financial Accounting and Controlling Configuration and Use Management shows, it doesn't have to be so difficult. The book takes a systematic approach that leads SAP Financial Accounting and Controlling FICO users step by step through configuring and using all the program's facets. This approach makes configuration complexities manageable. The book's author, SAP expert trainer and accountant Andrew Okungbowa, ensures that both you and your end users are up and running quickly and confidently with FICO. He also provides sound and tested procedures that ensure your implementation works without error. SAP ERP Financial Accounting and Controlling Configuration and Use Management is in fact the most comprehensive and easy to follow SAP FICO configuration book in the market. It incorporates a hands-on approach with hundreds of screen shots and practical examples that allow a person without prior configuration training to make SAP FICO ready for use in the enterprise. You'll find that you don't need to be a rocket scientist to grasp the concepts explained and apply them to your work even when the finances are complicated such as with the ins and outs of taxes, currency conversions or special general ledger entries such as down payments or bills of exchange. Providing an in-depth coverage of both configuration and end user procedures, the book covers most aspects of the SAP FICO certification syllabus: SAP's view of the module's key tasks and procedures including configuring and using the general ledger and accounts payable and receivable screens; configuring and completing closing procedures; asset accounting and financial reporting; configuring global settings and enterprise variables; accounting for both profit and cost centers; creating a house bank; integrating FICO with other SAP modules. Taking a jargon-free tone and providing an abundance of examples, Andrew Okungbowa provides a clear understanding of configuration techniques and the breadth of functionalities encompassed by SAP FICO. And as an accountant, Okungbowa understands the needs of end users as well as of those answering to the CIO.

Demand-Driven Replenishment in SAP Purchasing (MM) Ingo Licha, 2019-09-21
If goods and services are not available in sufficient quantity, this can stop production and have a corresponding negative impact on sales. However, high warehouse stocks also tie up capital and cause costs. This book on consumption-based material requirements planning (MRP) will help you to manage this conflict of interests. Despite materials required having different procurement lead times and specific storage properties, you can and must be able to respond to individual requirements. Using processes and examples from practice, you will learn how the consumption-based MRP procedures in SAP MM can support you in these tasks. This

book is aimed at both beginners in the topic as well as key users who want to familiarize themselves with basic customizing settings Reorder point planning stochastic and time phased MRP Material master data including lot sizes and how to calculate them Planning planning process stock requirements lists transaction MD04 and forecasts Customizing of the basic settings and processes

Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
