The Mind's Affective Life Gemma Fiumara Corradi, 2014-06-11 The Mind's Affective Life is a refreshing and innovative examination of the relationship between feeling and thinking Our thoughts and behaviour are shaped by both our emotions and reason yet until recently most of the literature analysing thought has concentrated largely on philosophical reasoning and neglected emotions This book is an original and provocative contribution to the rapidly growing literature on the neglected affective dimensions of modern thought The author draws on contemporary psychoanalysis philosophy feminist theory and recent innovations in neuroscience to argue that in order to understand thought we need to consider not only both emotional and rational aspects of thought but also the complex interactions between these different aspects Only through such a rich and complicated understanding of modern thought can we hope to avoid what the author identifies as a significant contemporary problems for individuals and cultures that is suppression or denial of intolerable states of feeling The Mind's Affective Life will appeal to and inspire students and practitioners of philosophy psychoanalysis psychotherapy and women's studies It will also be of great interest to anyone interested in the interaction of feeling and thinking
