nurturing to offer stability to our children while preparing them for life and while also enhancing their capabilities and fostering in them fundamental values to learn to live in society To educate our children in a conscious way the first step would be to marvel at them Treat them for who they really are as the best teachers Because without knowing it or doing anything in particular they teach us to give the best of ourselves and when inevitably the worst comes out due to being overly tired or stressed out they are the only ones who can forgive us for those bad moments without judging us They continue to be there waiting for a hug forgetting our worst faces loving us unconditionally and accepting from us what we would not accept from them Mar a Soto Herramientas de disciplina positiva para la educación de sus hijos Jane Nelsen, 2021
