Scientific Communication Joseph E. Harmon, Alan G. Gross, 2024-05-31 This work would be an important manual for any scientist who wishes to publish articles that generate significant impact Quarterly Review of Biology The ability to communicate in print and person is essential to the life of a successful scientist But since writing is often secondary in scientific education and teaching there remains a significant need for guides that teach scientists how best to convey their research to general and professional audiences The Craft of Scientific Communication will teach science students and scientists alike how to improve the clarity cogency and communicative power of their words and images In this remarkable guide Joseph E Harmon and Alan G Gross have combined their many years of experience in the art of science writing to analyze published examples of how the best scientists communicate Organized topically with information on the structural elements and the style of scientific communications each chapter draws on models of past successes and failures to show students and practitioners how best to negotiate the world of print online publication and oral presentation It would be impossible to constrain my appreciation for this book which will find eager reception wherever the need for teaching scientific writing is addressed Patrick Logan University of Rhode Island Demonstrates quite powerfully that no scientist can survive professionally without writing well This book enters a crowded room of how to books for scientific authors but emerges as a unique contribution due to the authors extensive research of scientific communication that provides the intellectual history and social functions of the very features of good writing that scientific authors must master Carol Reeves Butler University **Das auditive Netz** Hans-Ulrich Werner, 2024-04-02 Was macht künstlerisches Forschen im Bereich Sound und Musik aus Im Ausklang einer langen und produktiven technisch künstlerischen sowie wissenschaftlichen Laufbahn stellt Hans Ulrich Werner seine Ergebnisse zum Thema vor Dazu orientiert er sich vor allem an den Ideen und Erkenntnissen der Menschen denen er bei seinem Schaffen begegnete und die er als Akteure eines internationalen Netzes beschreibt Somit ergibt sich nicht nur ein Einblick in die Protagonisten der vielfältigen Klanglandschaften dieser Welt sondern auch die Etablierung des künstlerischen Forschens als eigenständige Disziplin jenseits von klassischer Wissenschaft *What Editors Want* Philippa J. Benson, Susan C. Silver, 2013 Research publications have always been key to building a successful career in science yet little if any formal guidance is offered to young scientists on how to get research papers peer reviewed accepted and published by leading scientific journals With *What Editors Want* Philippa J Benson and Susan C Silver two well respected editors from the science publishing community remedy that situation with a clear straightforward guide that will be of use to all scientists Benson and Silver instruct readers on how to identify the journals that are most likely to publish a given paper how to write an effective cover letter how to avoid common pitfalls of the submission process and how to effectively navigate the all important peer review process including dealing with revisions and rejection With supplemental advice from more

than a dozen experts this book will equip scientists with the knowledge they need to usher their papers through publication

The SAGE Handbook of Fieldwork Dick Hobbs, Richard Wright, 2006-01-26 Fieldwork is widely practiced but little written about yet accounts of the exotic mundane complex and often dangerous are central to not only sociology and anthropology but also geography social psychology and criminology This handbook presents the first major overview of this method in all its variety introducing the reader to the strengths weaknesses and real world applications of fieldwork techniques

Storycraft Jack Hart, 2011 A former managing editor of the Oregonian who guided several Pulitzer Prize winning narratives to publication shares guidelines for writers of nonfiction that encompass such topics as story theory scene establishment and preparing work for submission
