Il Mito E L Epica

Antonio Belloni

II Mito E L Epica:

Il Poema Epico E Mitologico Antonio Belloni,1912 **The Melancholy Void** Felipe Valencia (1983- author),2021-07 At the turn of the seventeenth century Spanish lyric underwent a notable development Several Spanish poets reinvented lyric as a melancholy and masculinist discourse that sang of and perpetrated symbolic violence against the female beloved This shift emerged in response to the rising prestige and commercial success of the epic and was enabled by the rich discourse on the link between melancholy and creativity in men In The Melancholy Void Felipe Valencia examines this reconstruction of the lyric in key texts of Spanish poetry from 1580 to 1620 Through a study of canonical and influential texts such as the major poems by Luis de G ngora and the epic of Alonso de Ercilla but also lesser known texts such as the lyrics by Miguel de Cervantes The Melancholy Void addresses four understudied problems in the scholarship of early modern Spanish poetry the use of gender violence in love poetry as a way to construct the masculinity of the poetic speaker the exploration in Spanish poetry of the link between melancholy and male creativity the impact of epic on Spanish lyric and the Spanish contribution to the fledgling theory of the lyric The Melancholy Void brings poetry and lyric theory to the conversation in full force and develops a distinct argument about the integral role of gender violence in a prominent strand of early modern Spanish lyric that ran from Garcilaso to G ngora and beyond

Medea's Long Shadow in Postcolonial Contexts

Ana Filipa Prata,Rodrigo Verano,2024-06-10 This interdisciplinary volume explores the ancient Greek myth of Medea and its global analogues found in other mythic and folk tales of deadly exiled women such as those of La Malinche and La Llorona examining the connections between these figures and their depictions from antiquity to modernity The book considers the figure of the foreign woman her exile fratricide and infanticide in its ancient Greek form and in global postcolonial receptions in a range of media including drama film novels and the visual arts The chapters illuminate the contradictions of considering the classical Medea as a central reference point for analysis of other female figures from peripheral territories while simultaneously acknowledging the insights that such comparisons can yield Emphasizing the ways in which Medea s seditious nature enables the establishment of an extensive and heterogeneous intertextual network with other mythic characters who represent a similarly disruptive role in their specific local historical and cultural contexts the book argues for a comparative analysis that is equally attentive to myths and folk tales from all regions These essays by scholars of classics comparative and world literatures and postcolonial studies represent a plurality of perspectives from different academic contexts in Africa Latin America North America and Europe and examine how different cultures have depicted women foreigners crime and abjection The foundations of Greek myth and subsequently of the classical tradition itself are interrogated from a postcolonial perspective In tracing the portrayals of Medea and other mythic women through the overlapping features of different female characters and plots and intertwining local cultural and literary materials with broader debates this volume challenges Eurocentric narratives of power and cultural domination and works to decentralize the discussion of Medea from the exclusive domain of classical studies Medea s Long Shadow in Postcolonial Contexts will be of interest to students and scholars working on Greek tragedy and its reception as well as to those studying postcolonial and global approaches to literature culture and gender studies
