Differentiated Reading for Comprehension, Grade 3 Carson-Dellosa Publishing, 2014-02-03 *Differentiated Reading for Comprehension* is designed to provide high interest nonfiction reading success for all readers. This 64 page book focuses on third grade reading skills defined by the Common Core State Standards. Each of 15 stories is presented separately for the below level, on level, and advanced students, followed by a series of comprehension questions. Grade three covers such standards as how key details support the main idea, understanding the relationships and connections between parts of a text, and developing an understanding point of view. This series allows teachers to present the same content to below level, on level, and advanced students with leveled nonfiction stories. It includes multiple choice, fill in the blank, and true/false questions, short answer, writing practice, and comprehension questions. Students stay interested, build confidence, and discover that reading can be fun. The reading passages are separated into sections with titles such as *Extreme Places*, *Amazing People*, *Wild Animals*, *Strange and Unexplained*, *Fascinating Machines*, and *Amazing Kids*. **Using Primary Sources, Grade 3**

Pearson, 2015-04-27 The *Evidence Based Inquiry Using Primary Sources* series for grades 1 to 6 will engage students in a world of inquiry and discovery. The pages of these books contain exciting and fascinating real world photographs, advertising, recipe cards, theater programs, posters, letters, and maps, as well as other interesting items that document history. Each book highlights 15 primary sources across four pages each. The first three pages of each set present the same primary source with text that is differentiated for three reading levels. The last page of each set offers questions and prompts to encourage higher level thinking and inquiry.
