Beyond the Physical Life

Ravi Shankar Kapoor,2012-03-07 Even death is not to be feared by one who lives wisely Death is inevitable thing which is

born today will perish from the physical world one day without any doubt But the journey doesn't end here because there is another dimension or realm unseen by the naked eyes These dimensions I have thoroughly discussed in this book The hidden dimensions and unseen realms make up a much larger proportion of the universe than the physical parts which are visible to us physicists know this and call the unseen parts dark matter and dark energy Science has not yet theorized a plan of these higher dimensions so we must look to ancient knowledge and alternative science for the answers This book will also help to understand cycle of life and death to those people who are in deep sorrow due to loss of their near and dear ones Cosmic Energy is essential to maintain our life and to enhance the level of our Consciousness Cosmic Energy is the base for all our actions and functions I have also touched this aspect of life force pranshakti in order to help people cure themselves and to fight against various hurdles of life hence providing them with adequate solutions All things in the universe are governed by this cosmic energy from the mass matter to molecular level But there is need to master the manifestation of this cosmic energy

R. Hairston, Tix Anders is the closest thing I have to a boyfriend Even though we've never talked we're still in a relationship So when someone kidnaps him right in front of me I go on the hunt What I find is a madman who wants us both dead because of our spell casting abilities Getting Tix back is just the beginning Now we'll have to join forces to take out a threat more powerful than any I've ever seen My relationship with Tix was always maintained at a distance Now we're in constant contact Can we save what we had before Or do we move forward with something new Will either of us be left standing when this is all over This is an M/M Urban Fantasy book where the two main leads interact daily but never speak until one of them is almost killed This book contains plenty of action magic and spells *Connecting with the Arcturians 4* David K. Miller, During this time of planetary crisis the Arcturians explore how we starseeds can cope with these dramatic changes such as updating our immune systems and dealing with electromagnetic energies and energy fields They offer recommendations and ideas for helping us cope with these overwhelming planetary changes This book explores the important subject of ascension and the work leading to ascension The Arcturians present a model based on their observations that precipitating events of ascension occur when the third dimension and fifth dimension intersect At the time of that intersection a powerful spiritual energy will download into Earth's energy field that can uplift

those who are at the highest vibrations and prepared for ascension Another concept introduced in this volume is the idea of holographic healing In holography a piece of an object can represent the whole In this Arcturian theory a person on Earth is only a part of their whole self Other parts can include the past self which is the self in other lifetimes and the future self which is the self that will live and evolve in future times There is also a multidimensional self that exists on this and other dimensions

Psychic Abilities Michael Brown, AI, 2025-03-10 *Psychic Abilities* explores the science and psychology behind phenomena like telekinesis and mind reading critically examining paranormal claims through the lenses of cognitive psychology and neuroscience The book seeks to understand the underlying mechanisms that might explain these abilities or alternatively reveal the psychological factors that contribute to belief in them One intriguing insight is how stage magic exploits our understanding of visual perception to create the impression of impossible feats The book progresses systematically first establishing a foundation in cognitive psychology and neuroscience It then critically analyzes telekinesis and mind reading contrasting claims of genuine ability with psychological principles like deception and nonverbal communication By understanding perception cognition and cognitive biases readers can better evaluate claims of psychic ability and avoid unfounded beliefs The book emphasizes empirical evidence and logical reasoning focusing primarily on psychological and cognitive explanations It provides readers with the critical thinking skills needed to evaluate paranormal claims bridging the gap between science and popular culture The book also scrutinizes the methodologies used in parapsychological research promoting a more nuanced and skeptical approach
