Prophecy in a Secular Age David True, 2021-02-09 The place of religion within a secular society has been much discussed in recent years fueled in part by Charles Taylor s *Secular Age* 2007 The conversation surrounding Taylor s work suggests a widespread interest in religion in secular or post secular contexts Even as scholars have become increasingly interested in emerging and novel forms of religion prophecy has continued to be depicted in traditional forms employed to further partisan agendas In place of secularity as religious declension and culture clash this volume explores prophetic works in a variety of forms including satire tragedy the novel Native American tradition science fiction the Bible and higher education itself Together the contributors demonstrate that there is much to learn from both religious and secular prophecy The book is inspired by the idea that prophetic works are a promising subject area for a diverse audience in both higher education and the church The volume s contributors demonstrate as much in that they work in a wide range of disciplines including religious studies biblical studies theology American studies literature philosophy and political theory *Revelation 1-11 (ITC)* Peter J. Leithart, 2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles This first of two volumes on Revelation offers systematic and thorough interpretation of the book of Revelation Revelation brings together the worlds of heaven earth and hell in a final confrontation between the forces of good and evil Its characters and images are both real and symbolic spiritual and material and it is frequently difficult to know the difference between them Revelation s cryptic nature has ensured that it would always be a source of controversy This commentary focuses on the theological content gleaned the best from both the classical and modern commentary traditions and showing the doctrinal

development of Scriptural truths Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students both professionals and laypeople alike Through its focus on the message of the book through scholarly analysis this International Theological Commentary reconnects to the ecclesial tradition of biblical commentary as an effort in ressourcement though not slavish repetition

Schaff, 2019-11-29 Age of Anxiety Meaning Identity and Politics in 21st Century Film and Literature analyzes literature and films that speak to our age of anxiety resulting from the decline of narratives that provided individuals with a meaningful human life The authors argue that the twentieth century sought to free individuals from the constraints of authoritative cultural traditions and institutions liberating the autonomous self Yet this has given rise to anxiety rather than liberation Instead of deriving one's sense of purpose from one's role and place within a community the consumer has been deceived into thinking that their identity can be purchased through the meaning represented by the conspicuous consumption of a brand The same phenomenon manifests itself in politics within recent populist revolts against globalist politics In addition the rapid pace of technological development is driving an unprecedented faith in the malleability of human beings raises doubts as to what it means to be a person Utilizing paradigms from the fields of Communication Rhetoric and Political Philosophy the book shows how the self has been displaced from its natural habitat of the local community The book traces the origins of modern anxiety as well as possible remedies Considered in the book are such popular culture artifacts as Downton Abbey WALL E HackSaw Ridge Westworld and Lord of the Rings and zombie films

What Are We Waiting For? William H. Petersen, 2017-09-01 Offers a new perspective on Advent including resources Everyone knows that Advent is about waiting but author William H Petersen asks what are we waiting for In this book he argues for a liturgical renewal in the life and mission of the Church by proposing an expanded seven week observance of Advent taking its cue from the shape and substance of the Revised Common Lectionary while noting and critiquing the Church's complicity in the Christmas culture Resources for a more authentic observance of Advent other than a simple short four week count down to Christmas are proposed and presented With a renewed emphasis on eschatological formation into the Body of Christ during an expanded season this counter cultural approach gets beyond the secular and commercial Christmas preparation madness Instead it provides the Church and the seasonally harried Christians who make up the Church with the opportunity to enter each new liturgical year not simply as engaging a routine cycle but with ever deeper understandings broader horizons and higher expectations in furthering our life and mission as reflection and agent of the Reign of God Kingdom of Christ
