Ideology And Classic American Literature Cambridge Studies In American Literature And Culture:

Einführung in die Amerikanistik/American Studies Udo J. Hebel, 2017-01-06 Amerika in allen Facetten Von den Pilgrim Fathers bis zu Desperate Housewives von kolonialen Reiseberichten bis zur 9 11 Literatur Die Einführung gibt einen umfassenden und systematischen Überblick über das Studium der Amerikanistik American Studies als interdisziplinäre Kulturwissenschaft Kultur und Literaturgeschichte Sprachen und Religion werden ebenso vorgestellt wie das politische System der USA und die geografischen regionalen und demografischen Gegebenheiten Mit Abbildungen Tabellen Zeittafeln Bibliografien Two cultures, universities and intellectuals Thomas Kühn, 2002 Nathaniel Hawthorne Charles Swann, 1991-06-28 This is the first analysis of the fiction of Nathaniel Hawthorne and his perception of history In his study Charles Swann examines the whole of Hawthorne's literary career and gives proper weight to the unfinished work Hawthorne saw history as a struggle between the authoritative claims of tradition on the one hand and the conflicting but equally valid claims of the desires for revolutionary transformation on the other To evaluate Hawthorne's view of history Swann provides close readings of such key shorter works as Alice Doane's Appeal and Main Street as well as the most detailed analysis to date of the unfinished works The American Claimant Mss and The Elixir of Life Mss two works which exemplify the temptations of tradition and the exhilaration of the revolutionary moment This study asks us to explore how Hawthorne presents and interprets history through his fiction for example the history of crucial sins of the past and the contemporary placing of such sins in Alice Doane's Appeal the problematic nature of the American Revolution in The Elixir of Life Mss and the role of society in The Scarlet Letter Swann's innovative study will be of interest to students and scholars of American literature history cultural studies and literary criticism **Amerikanische Literaturgeschichte** Hubert Zapf, Timo Müller, 2024-07-15 In der 4 Auflage ist das Buch umfassend neu konzipiert worden Neben den Kapiteln von den Puritanern bis zur Postmoderne die als Klassiker in der Amerikanistik gelten und nur wenig verändert beibehalten werden sind alle anderen Kapitel entweder neu geschrieben oder stark revidiert worden Die ausführlichen Porträts der indigenen und der Latino a Literatur der afro und asiatisch amerikanischen Literatur tragen der ausgeprägten Diversität der literarischen Kultur der USA Rechnung Kernstück ist ein ganz neu verfasstes umfangreiches Kapitel zur Literatur der Gegenwart

National Imaginaries, American Identities Larry J. Reynolds, Gordon Hutner, 2021-03-09 From the American Revolution to the present the United States has enjoyed a rich and persuasive visual culture These images have constructed sustained and disseminated social values and identities but this unwieldy sometimes untidy form of cultural expression has received less systematic attention than other modes of depicting American life Recently scholars in the humanities have developed a new critical approach to reading images and the cultural work they perform This practice American cultural iconography is generating sophisticated analyses of how images organize our public life The contributions to this volume exhibit the extraordinary scope and interpretive power of this interdisciplinary study while illuminating the dark corners of the nation's

psyche Drawing on such varied texts and visual media as daguerreotypes political cartoons tourist posters and religious artifacts these essays explore how pictures and words combine to teach us who we are and who we are not They examine mimesis in elegant portraits of black Freemasons industrial age representations of national parks and postwar photographs of atomic destruction They consider how visual culture has described and disclosed the politics of racialized sexuality whether subconsciously affirming it in the shadows of film noir or deliberately contesting it through the interethnic incest of John Sayles s Lone Star Students of literature film and history will find that these essays extend the frontier of American studies The contributors are Maurice Wallace Dennis Berthold Alan Trachtenberg Shirley Samuels Jenny Franchot Cecelia Tichi Eric Lott Bryan C Taylor and Jos E Lim n **Walt Whitman and the American Reader** Ezra Greenspan,1990-10-26 A far ranging study of Whitman as a model of the nineteenth century American writer **Anglia** ,1992 **Ideology and Classic American Literature** Sacvan Bercovitch,Myra Jehlen,1986 The essays by Americanists concerned with the problem of ideology and its bearing upon American literature and culture **Ezra Pound and Italian Fascism** Tim Redman,1991-03-29 This fascinating account of Ezra Pound and Italian Fascism allows the reader to understand the causes and results of Pound s ideology and actions **The Postmodern Bible** George Aichele,Fred W. Burnett,Robert M. Fowler,David Job ling,Tina Pippin,Wilhelm Wuellner,Bible and Culture Collective,1995-01-01 The burgeoning use of modern literary theory and cultural criticism in recent biblical studies has led to stimulating but often bewildering new readings of the Bible This book argued from a perspective shaped by postmodernism is at once an accessible guide to and an engagement with various methods theories and critical practices transforming biblical scholarship today Written by a collective of cutting edge scholars with each page the work of multiple hands The Postmodern Bible deliberately breaks with the individualist model of authorship that has traditionally dominated scholarship in the humanities and is itself an illustration of the postmodern transformation of biblical studies for which it argues The book introduces illustrates and critiques seven prominent strategies of reading Several of these interpretive strategies rhetorical criticism structuralism and narratology reader response criticism and feminist criticism have been instrumental in the transformation of biblical studies up to now Many feminist and womanist criticism ideological criticism poststructuralism and psychoanalytic criticism hold promise for the continued transformation of these studies in the future Focusing on readings from both the Hebrew Bible and the New Testament this volume illuminates the current multidisciplinary debates emerging from postmodernism by exposing the still highly contested epistemological political and ethical positions in the field of biblical studies Theories of American Culture, Theories of American Studies Winfried Fluck,2003 **Mark Twain and the Feminine Aesthetic** Peter Stoneley,1992-03-05 In this 1992 book Peter Stoneley analyzes Mark Twain s preoccupation with the nature and value of the feminine **Transcendental Resistance** Johannes Voelz,2010 A timely and engrossing critique of the New Americanists **The Humboldt Current** Aaron Sachs,2007-07-31 A masterly and beautifully written account of the impact of Alexander

von Humboldt on nineteenth century American history and culture The naturalist and explorer Alexander von Humboldt 1769-1859 achieved unparalleled fame in his own time Today however he and his enormous legacy to American thought are virtually unknown In *The Humboldt Current* Aaron Sachs traces Humboldt's pervasive influence on American history through examining the work of four explorers J N Reynolds Clarence King George Wallace and John Muir who embraced Humboldt's idea of a chain of connection uniting all peoples and all environments A skillful blend of narrative and interpretation that also discusses Humboldt's influence on Emerson Whitman Thoreau Melville and Poe *The Humboldt Current* offers a colorful passionate and superbly written reinterpretation of nineteenth century American history *A Companion to American Fiction, 1865 - 1914* Robert Paul Lamb, G. R. Thompson, 2008-04-15 *A Companion to American Fiction 1865-1914* is a groundbreaking collection of essays written by leading critics for a wide audience of scholars students and interested general readers An exceptionally broad ranging and accessible *Companion* to the study of American fiction of the post civil war period and the early twentieth century Brings together 29 essays by top scholars each of which presents a synthesis of the best research and offers an original perspective Divided into sections on historical traditions and genres contexts and themes and major authors Covers a mixture of canonical and the non canonical themes authors literatures and critical approaches Explores innovative topics such as ecological literature and ecocriticism children's literature and the influence of Darwin on fiction **Martin Delany, Frederick Douglass, and the Politics of Representative Identity** Robert Steven Levine, 1997 The differences between Frederick Douglass and Martin Delany have historically been reduced to a simple binary pronouncement assimilationist versus separatist Now Robert S Levine restores the relationship of these two important nineteenth century African Americans **Oprah, Celebrity and Formations of Self** S. Wilson, 2003-11-02 Oprah Winfrey has transcended her status as talk show host to become a cultural icon of some considerable stature This book explores the nature of Oprah's celebrity persona and considers the relevance that she has to contemporary audiences The stories recounted by guests and the ways in which confessional discourse works to produce a particular relationship between Oprah her guests and the audience members are considered within the context of contemporary American culture *Fictions of the Black Atlantic in American Foundational Literature* Gesa Mackenthun, 2004-08-02 This book is a significant contribution to existing research on the themes of race and slavery in the founding literature of the United States It extends the boundaries of existing research by locating race and slavery within a transnational and oceanic framework The author applies critical concepts developed within postcolonial theory to American texts written between the national emergence of the United States and the Civil War in order to uncover metaphors of the colonial and imperial unconscious in America's foundational writing The book analyses the writings of canonized authors such as Charles Brockden Brown James Fenimore Cooper Edgar Allan Poe and Herman Melville alongside those of lesser known writers like Olaudah Equiano Royall Tyler Frederick Douglass Martin Delany and Maxwell Philip and situates them within the colonial and postcolonial context of the

slave based economic system of the Black Atlantic While placing the transatlantic slave trade on the map of American Studies and viewing it in conjunction with American imperial ambitions in the Pacific Fictions of the Black Atlantic in American Foundational Literature also adds a historical dimension to present discussions about the ambivalence of postcoloniality

The Poetics and Politics of the American Gothic Professor Agnieszka Soltysik Monnet, 2013-04-28 Taking as its point of departure recent insights about the performative nature of genre *The Poetics and Politics of the American Gothic* challenges the critical tendency to accept at face value that gothic literature is mainly about fear Instead Agnieszka Soltysik Monnet argues that the American Gothic and gothic literature in general is also about judgment how to judge and what happens when judgment is confronted with situations that defy its limits Poe Hawthorne Melville Gilman and James all shared a concern with the political and ideological debates of their time but tended to approach these debates indirectly Thus Monnet suggests while slavery and race are not the explicit subject matter of antebellum works by Poe and Hawthorne they nevertheless permeate it through suggestive analogies and tacit references Similarly Melville Gilman and James use the gothic to explore the categories of gender and sexuality that were being renegotiated during the latter half of the century Focusing on *The Fall of the House of Usher* *The Marble Faun* *Pierre* *The Turn of the Screw* and *The Yellow Wallpaper*

Monnet brings to bear minor texts by the same authors that further enrich her innovative readings of these canonical works At the same time her study persuasively argues that the Gothic's endurance and ubiquity are in large part related to its being uniquely adapted to rehearse questions about judgment and justice that continue to fascinate and disturb **Emergent**

U.S. Literatures Cyrus Patell, 2014-11-07 *Emergent U S Literatures* introduces readers to the foundational writers and texts produced by four literary traditions associated with late twentieth century US multiculturalism Examining writing by Native Americans Hispanic Americans Asian Americans and gay and lesbian Americans after 1968 Cyrus R K Patell compares and historicizes what might be characterized as the minority literatures within U S minority literature Drawing on recent theories of cosmopolitanism Patell presents methods for mapping the overlapping concerns of the texts and authors of these literatures during the late twentieth century He discusses the ways in which literary marginalization and cultural hybridity combine to create the grounds for literature that is truly emergent in Raymond Williams's sense of the term literature that produces new meanings and values new practices new relationships and kinds of relationships in tension with the dominant mainstream culture of the United States By enabling us to see the American literary canon through the prism of hybrid identities and cultures these texts require us to reevaluate what it means to write and read in the American grain *Emergent U S Literatures* gives readers a sense of how these foundational texts work as aesthetic objects rather than merely as sociological documents crafted in dialogue with the canonical tradition of so called American Literature as it existed in the late twentieth century as well as in dialogue with each other
