

Basic Electrical and Electronics Engineering

Ravish R Singh

Basic Electrical and Electronics Engineering is meant for the student of first year engineering. The book is pertinent to those following the syllabus code FEC 105.

The text has been designed to be a complete learning experience – replete with adequate theory, illustrative examples, fun-to-do objective type questions and solved question papers for practice. This already popular book syncs exactly with the students' study habits because of the lucidity in content presentation and pedagogical approach

Salient Features

- Complete syllabus coverage (FEC 105)
- Self-contained text explains the basics comprehensively using several illustrations
- Questions designed to test the understanding of examination questions
- Contains a volume of solved questions (370), demonstrating theory in practice.
- 355 exercise questions provided for practice
- Includes 105 objective-type questions and list of useful formulae for quick recap
- Latest solved question papers available

Basic Electrical Electronics Engineering By Ravish R Singh:

Basic Electrical Engineering: For the University of Mumbai Ravish R. Singh, Basic Electrical Engineering is designed specifically for the First Year Engineering students at the University of Mumbai In that the positive aspect is a thoughtful blend of theory and problems This not only helps the students understand the concepts explained but also increases their practice quotient **Basic Electrical and Electronics Engineering** Ravish R. Singh, 2010

Mathematics - I For the first year Gujarat Technological University (GTU) Ravish R Singh & Mukul Bhatt, Mathematics I has been written specifically for the first year Gujarat Technological University GTU syllabus and students of all programs of engineering since first semester mathematics is common to all branches It covers Indeterminate Forms Gamma and Beta Functions Applications of Definite Integrals Sequences and Series Taylor s and Maclaurin s Series Fourier Series Partial Derivatives Multiple Integrals and Matrices for the benefit of the students **Network Theory: Analysis and Synthesis : For the University of Mumbai** Ravish R. Singh, This book is core to the understanding of engineering of Electronics and Telecommunications and hence it becomes an important subject for students of Electronics Telecommunication Engineering and Electronics Engineering in their Third Semester A strong conceptual understanding of the subject is what the textbook lends to its reader and an apart from an emphasis on problem solving approach and discussion on both analysis and synthesis of networks It offers ample coverage of DC circuits network theorems transient analysis two port networks and network synthesis among other major topics **Mathematics II : For Gujarat Technological University** Ravish R. Singh & Mukul Bhatt, Mathematics II has been written specifically as per the Gujarat Technological University GTU syllabus and for First Year Second Semester students of all programmes of engineering It covers important topics such as Vector Calculus Laplace Transform and Inverse Laplace Transform Fourier Integral First Order Ordinary Differential Equations Ordinary Differential Equations of Higher Orders and Series Solutions of Ordinary Differential Equations and Special Functions to help students gain a deep rooted understanding of the key elements of the subject which would help students to build their self confidence which is the key aspect in learning **Probability and Statistics: For Gujarat Technological University** Ravish R. Singh & Mukul Bhatt, This book has been designed specifically for the Gujarat Technological University GTU syllabus and students of engineering in their Third Semester Seven dedicated chapters are set to sequentially cover each module of the syllabus and are compounded by the tutorial technique i e theory followed by example s so that the learner develops an increased sense of conscious intellection This exceptional mix of theory and application caters to all types of requirements be it the student or the teacher Not only is the syllabus rigorously followed but each topic has also been treated with the end examination in sight Concepts are well aided with solved examples of different complexities so that every learner understands the topic at hand **Complex Variables and Partial Differential Equations: For the Gujarat Technological University (GTU)** Ravish R Singh & Mukul Bhatt, This
