Multiphonics as a very popular phenomenon in contemporary woodwind music are highlighted providing fingering charts and notational suggestions for both BP soprano and BP tenor clarinets The theoretical idea of a BP third tone scale $39 \div 3$ is transferred into practice by providing fingering charts and practical advice to performers and composers I hope that this thesis can give inspiration and advice to those motivated to compose for and perform on BP clarinets and that BP clarinets will gain the popularity they deserve in contemporary music performance The BP clarinet and its growing repertoire may widen the range of expression of dedicated clarinet players
