**Love Is Murder** Sandra Brown, 2013-02-26 An edge of your seat anthology written exclusively by members of International Thriller Writers Inc features 30 tales of suspense from today's hottest writers *Nursing Informatics* Marion J. Ball, Judith V. Douglas, Patricia Hinton Walker, Donna DuLong, Brian Gugerty, Kathryn J. Hannah, Joan Kiel, Susan K. Newbold, Joyce E. Sensmeier, Diane J. Skiba, Michelle R. Troseth, 2011-01-21 Like the three editions that preceded it, this new edition targets markets in health care practice and educational settings. It addresses practicing nurses and nursing students together with nursing leadership and nursing faculty. It speaks to nursing informatics specialists and, in a departure from earlier editions of this title, to all nurses regardless of their specialty, extending its usefulness as a text, as noted below. In recognition of the evolving electronic health information environment and of interdisciplinary health care teams, the book is designed to be of interest to members of other health care professions: quality officers, administrators, etc., as well as health information technology professionals in health care facilities and in industry. The book will include numerous relevant case studies to illustrate the theories and principles discussed, making it an ideal candidate for use within nursing curricula, both undergraduate and graduate, as well as continuing education and staff development programs. This book honors the format established by the first three editions by including a content array and questions to guide the reader. This 4th edition also includes numerous brief case studies that help to illustrate the theories and practices described within the various chapters. Most of these mini cases are provided by members of professional nursing organizations that comprise the TIGER Initiative. These mini cases are listed in the front matter and highlighted via formatting throughout the text.

But the adoption contract stipulated that little Elizabeth had to grow up in a two-parent home. And Rachel would do anything to keep the little girl, including marrying a man she didn't love: HE WAS GOING TO GAIN A WIFE. Paul Delaney had secretly loved Rachel for years. Now she needed a husband, and he was more than happy to volunteer for the temporary fantasy. But when make-believe started feeling all too real, Paul knew he had to convince her that the three of them could be a genuine family or walk away from her forever.
