Americanization of History Kathleen McDonald, 2010-10-12 This collection of essays searches for how history and literature translate into filmic texts that then reflect the time and place of the translation Major motion pictures as well as television movies and series are the sites of this exploration The opening essay surveys what films tell us it means to be set in a medieval time while the second looks at one of the most powerful movie studios since the earliest days of movie making Walt Disney Studios The second section investigates classic Americana by delving specifically into the hegemonic power of Walt Disney Studios by considering the union between the American pastime of baseball and the great white way of Broadway and by discovering the constantly morphing relationship of the icons of the Wild West Section three looks at characters living outside of roles considered socially appropriate in their world vampire slayers mobsters and those with multiple personalities The fourth section studies how present day mores of power and beauty control revisions of historically based stories through issues of vengeance race sexuality and the notion of beauty itself The final section takes up the question of what it means to historicize the present moment and analyzes the current period via a very popular and long running show's depiction of sexuality as accepted or rejected within a paradigm that appears not merely to tolerate but actively to promote deviance The last essay questions the very concepts of time and history themselves The articles do not reach one conclusion regarding this topic but instead provide a variety of perspectives

Pike, 2014-01-10 This book takes an ecocritical approach to analytical readings of animated feature films short subjects and television shows Beginning with the simply subversive environmental messages in the Felix the Cat cartoons of the 1920s the author examines green themes in such popular animated film efforts as Bambi 1942 The Simpsons Movie 2007 Wall E 2008 and Happy Feet 2008 as well as James Cameron s live action animation blockbuster Avatar 2009 The discussion extends beyond American films to include the works of Japanese animator Hayao Miyazaki including the Oscar winning Spirited Away 2002 Also evaluated for their pro ecological content are the television cartoon series South Park and Futurama The appendix provides a list of film and television titles honored with the Environmental Media Award for Animation *Complete Writer Writing with Ease Level 3 Workbook* Susan Wise Bauer, 2009-10-13 These workbooks provide lessons student worksheets and teacher instructions for every day of writing instruction Each covers one year of study Used along with Writing with Ease the workbooks complete the elementary grade writing curriculum Level Three is the third of a planned four volume set to accompany Writing with Ease *The Common Worlds of Children and Animals* Affrica Taylor, Veronica Pacini-Ketchabaw, 2018-10-08 The lives and futures of children and animals are linked to environmental challenges associated with the Anthropocene and the acceleration of human caused extinctions This book sparks a fascinating interdisciplinary conversation about child animal relations calling for a radical shift in how we understand our relationship with other animals and our place in the world It addresses issues of interspecies and intergenerational environmental justice through examining the entanglement of children s and animal s lives and common worlds It explores everyday encounters and unfolding relations between children and urban wildlife Inspired by feminist environmental philosophies and indigenous cosmologies the book poses a new relational ethics based upon the small achievements of child animal interactions It also provides an analysis of animal narratives in children s popular culture It traces the geo historical trajectories and convergences of these narratives and of the lives of children and animals in settler colonised lands This innovative book brings together the fields of more than human geography childhood studies multispecies studies and the environmental humanities It will be of interest to students and scholars who are reconsidering the ethics of child animal relations from a fresh perspective **Bambi** Felix Salten, 1929 Describes the life of a deer in the forest as he grows into a beautiful stag
