**The Black Theatre Movement in the United States and in South America** Olga Barrios Herrero, 2011-11-28 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sudàfrica va establir els fermes fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història el teatre negre dels Estats Units i de Sudàfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afro nord-americà i negre sud-africà inclosos les diferències de gènere manifestos en ramificacions artístiques totalment heterogènies i niques.

**New Day in Babylon** William L. Van Deburg, 1993-09-01 The most comprehensive account available of the rise and fall of the Black Power Movement and of its dramatic transformation of both African American and larger American culture. With a gift for storytelling and an ear for street talk, William Van Deburg chronicles a decade of deep change from the armed struggles of the Black Panther party to the cultural nationalism of artists and writers creating a new aesthetic. Van Deburg contends that although its tactical gains were sometimes short-lived, the Black Power movement did succeed in making a revolution in culture and consciousness that has changed the context of race in America. *New Day in Babylon* is an extremely intelligent synthesis, a densely textured evocation of one of American history's most revolutionary transformations in ethnic group consciousness.
