Cohen, Deniz Eroglu, Ibrahim Sirkeci, 2016-11-15 Turkish Migration 2016 Selected Papers Compiled by Deniz Eroglu Jeffrey H Cohen Ibrahim Sirkeci offers a selection of papers presented at the Migration Conference 2016 held in Vienna Austria The pieces collected here are just a sample of the work that was presented at the 2016 Turkish Migration conference Our meeting the 4th symposium on Turkish migration brought together scholars from around the globe to share their research and debate mobility As in our earlier symposia we explored demography sociology culture and art as they are related to mobility New this year was an increasing awareness of the return of Turks to Turkey from Germany the challenges faced by

Syrian refugees who have settled in Turkey or are passing through the country on their way to Europe as well as issues facing Kurdish minorities Roma and other minority groups living in or transiting through Turkey This collection is challenged by two competing poles One pole is centered in xenophobic nationalism Around this pole migrants and refugees are described as criminals religious fanatics and moochers who challenge the working class and the freedoms that come with life in the West The second pole laments the insecurity that migrants and refugees face Around this pole movers are described as victims who lack so much at home In this example migrants and refugees are moving because there are no jobs and few prospects for work civil liberties are proscribed and banned in the face of state imposed limits and there are no opportunities to strike out on a unique path to the future Complicating both poles is the 24 hour news cycle that denies us the opportunity to understand and analyze Instead we are forced to pick one pole or the other In either case the outcome dehumanizes the mover signals their pathos and emphasizes why they are different Social Work with Refugees, Asylum Seekers and Migrants Rachel Larkin, Lauren Wroe, Reima Ana Maglajlic, 2019-08-21 Social work is an international profession and is increasingly having to respond to the needs of displaced people and those impacted by immigration control systems This book will be a vital resource for service providers students and academics specifically those who provide services to people whose lives are impacted by borders Child Welfare Practice with Immigrant Children and Families Alan Dettlaff, Rowena Fong, 2014-06-11 Children in immigrant families represent nearly one fourth of all children living in the United States As this population of children has increased so has their representation among children involved in child welfare and related systems Once immigrant families come to the attention of these systems they often have multiple and complex needs that must be addressed to ensure children's safety and well being Culturally competent practice with Latino Asian and African immigrants requires that professionals understand the impact of immigration and acculturation on immigrant families to conduct adequate assessments and provide interventions that respond appropriately to their needs Professionals also need to be familiar with federal and state policies that affect immigrant families and how those policies may affect service delivery At the system level child welfare agencies need to educate and train a culturally competent workforce that responds appropriately to children and families from diverse cultures This book addresses these critical issues and provides recommendations for the development of culturally competent assessment intervention and prevention activities in child welfare agencies This information can be used as a resource by child welfare administrators practitioners and students to improve the child welfare system s response to immigrant children and families and promote culturally competent practice This book was published as a special issue of the Journal of Public Child Welfare Encyclopedia of Social Work, 1965

The book identifies how girls can feel welcomed but also how young migrants can be seen in excluding ways It argues that narratives of the fragile refugee child are unhelpful ways to understand individual girls Using theories and clear language relevant to both academics and practitioners the author fills a gap in the research on migrant and trafficked young women who frequently represent the minority in care systems globally Social Work in an Unequal World Rajendra Baikady, 2025 Social Work in an Unequal World offers a comprehensive collection of current global perspectives addressing the complex issues arising at the intersection of inequality and social
