Growth Hacking: Innovative Marketing Tactics to Grow Faster and Smarter George Pain, 2019-08-07 Do you have a website that is struggling to gain traction Do you have no idea how to monetize your business or get more subscriber This book could be the answer you re looking for The emergence of Web and Mobile technologies have revolutionized the way businesses are conducted Those enterprises that have leveraged these technologies have made tremendous exponential growth Google Facebook Uber Dropbox Twitter Amazon are just but a few examples of those enterprises that leveraged these technologies to reap big rewards This book is about sharing with you innovative marketing tactics to grow faster and smarter The book does not assume your level of knowledge and understanding of what Growth Hacking is all about Thus it starts with

a beginner's approach by introducing you to what growth hacking is all about and builds upon this foundation to guide you into a more detailed perspective. Knowledge without application is redundant. This book gives you practical hands-on techniques on how you should apply growth hacking to achieve great success. These techniques touch on all stages of your brand's funnel right from customer acquisition, customer activation, customer retention, revenue generation, and referral. It further provides you with growth hacking strategy that you can employ using these techniques to grow faster and smarter. Like any business enterprise, having the right people to run it is paramount. Growth hacking is not an exception. Yet building a team for growth hacking requires a uniquely different approach than what we are accustomed to in the traditional approach. This book not only presents you with different proven models of growth team but also helps you to identify the right hackers for your team. In this regard, it provides you with tips and qualities to look for in a hacker and the key competencies required. Growth, like a vehicle moving on a highway, requires levers. Gears to be able to move on, be they manual or automatic. The most critical elements of growth are its levers. Failure to identify levers simply means uncertain growth. This book helps you to identify critical levers for your brand and the relevant drivers that can propel it so that you can have a more predictable growth. Attracting customers is a critical component of growth hacking. Yet without a great first impression, this comes to naught. From this book, you will be able to learn the best ways to attract customers through a great first impression, appropriate acquisition hacks, and right engagement. Follow-ups are great. Yet inappropriate follow-ups can turn off your existing and potential customers. You will also learn follow-up hacks that can bring forth a great impact on your targets for greater growth. Customer retention is the most prized treasure of any marketing endeavor. Without it, you lose your customers faster than a leaking tank loses water. You will learn customer retention hacks that help to protect your growth reservoir. Finally, you are running a business. You need to make money. This book provides you with proven monetization hacks that you can employ to guarantee you exponential income growth that not only rewards you for your smart innovation but also assures your business future.

**The Agile Marketer** Roland Smart, 2016-02-29. The marketer's guide to modernizing platforms and practices. Marketing in the digital era is a whole new game; it's fundamentally about competing on the customer experience. Marketers must integrate a complex set of technologies to capture the customer's digital body language and thereby deliver the right experiences at the right times via the right channels. This approach represents a formidable technological and practical challenge that few marketers have experience with. The methods that enable marketers to meet this challenge are emerging from an unexpected place: the world of software development. The Agile methodologies that once revolutionized software development are now revolutionizing marketing. Agile provides the foundation for alignment between the marketing and product management sides. It can unleash a whole array of new marketing opportunities for growth hacking as well as for baking marketing directly into your products or services. Beyond that, as a discipline, it can serve as a bridge to strategic alignment, positioning the chief marketing officer alongside the chief product officer as the two primary drivers of the

business Written by a premier practitioner of modern marketing this book will provide you with Insights on the evolution of product development and management in the organization and why marketing must partner with them in the new era An understanding of Agile methods and their application to marketing A plan for integrating Agile with your traditional methods Tactics to drive alignment with product management A pathway to becoming the steward of customer experience Rich with examples case studies illustrations and exercises drawn from the author s wide ranging experience from startups to a top global technology company The Agile Marketer will help you transform marketing in your organization in spirit and practice and help realize its critical roles in product management and the customer experience **The Six Disciplines of Agile**
