Harry Potter And The Prisoner Of Azkaban Korean Edition:

Harry Potter and the prisoner of Azkaban [Korean] J. K. Rowling, Kim Haewon, 2000 **Transnational Korean Cinema**
Dal Yong Jin, 2020 In *Transnational Korean Cinema* author Dal Yong Jin explores the interactions of local and global politics, economics, and culture to contextualize the development of Korean cinema and its current place in an era of neoliberal globalization and convergent digital technologies. The book emphasizes the economic and industrial aspects of the story, looking at questions on the interaction of politics and economics, including censorship and public funding, and provides a better view of the big picture by laying bare the relationship between film industries, the global market, and government. Jin also sheds light on the operations and globalization strategies of Korean film industries alongside changing cultural policies in tandem with Hollywood's continuing influences in order to comprehend the power relations within cultural politics nationally and globally. This is the first book to offer a full overview of the nascent development of Korean cinema. **Focus**
On: 100 Most Popular South Korean Male Film Actors Wikipedia contributors, **Harry Potter and the Other** Sarah Park Dahlen, Ebony Elizabeth Thomas, 2022-06-27 Named a 2023 Honour Book by the International Research Society for Children's Literature. Contributions by Christina M. Chica, Kathryn Coto, Sarah Park Dahlen, Preethi Gorecki, Tolonda Henderson, Marcia Hernandez, Jackie C. Horne, Susan E. Howard, Peter C. Kunze, Florence Ma, Tita Sridevi Rao, Kallie Schell, Jennifer Patrice Sims, Paul Spickard, Lily Anne Welty, Tamai Ebony Elizabeth Thomas, Jasmine Wade, Karin E. Westman, and Charles D. Wilson. Race matters in the fictional Wizarding World of the Harry Potter series as much as it does in the real world. As J. K. Rowling continues to reveal details about the world she created, a growing number of fans, scholars, readers, and publics are conflicted and concerned about how the original Wizarding World, quintessentially white and British, depicts diverse and multicultural identities, social subjectivities, and communities. *Harry Potter and the Other: Race, Justice, and Difference in the Wizarding World* is a timely anthology that examines, interrogates, and critiques representations of race and difference across various Harry Potter media, including books, films, and official websites, as well as online forums and the classroom. As the contributors to this volume demonstrate, a deeper reading of the series reveals multiple ruptures in popular understandings of the liberatory potential of the Potter series. Young people who are progressive, liberal, and empowered to question authority may have believed they were reading something radical as children and young teens, but increasingly they have raised alarms about the series' depiction of peoples of color, cultural appropriation in worldbuilding, and the author's antitrans statements in the media. Included essays examine the failed wizarding justice system, the counterproductive portrayal of Nagini as an Asian woman, the liberation of Dobby the elf, and more, adding meaningful contributions to existing scholarship on the Harry Potter series. As we approach the twenty-fifth anniversary of the publication of *Harry Potter and the Philosopher's Stone*, *Harry Potter and the Other* provides a smorgasbord of insights into the way that race and difference have shaped this story, its world, its author, and the generations who have come of age during the era of the Wizarding World.

The Child in British Cinema Matthew Smith, 2022-07-22 This book argues that over the twentieth and twenty first centuries the cinema in Britain became the site on which childhood was projected examined and understood Through an analysis of these projections via case studies that encompass early cinema pre and post war film and contemporary cinema this book interprets the child in British cinema as a device through which to reflect upon issues of national culture race empire class and gender Beginning with a discussion of early cinematic depictions of the child in Britain this book examines cultural expressions of nationhood produced via non commercial cinemas for children It considers the way cinema encroaches on the moral edification of the child and the ostensible vibrancy and vitality of the British boy in post war cinema The author explores the representational and instrumental differences between depictions of boys and girls before extending this discussion to investigate the treatment of migrant refugee and immigrant children in British cinema It ends by recapitulating these arguments through a discussion of internationally successful British blockbuster cinema The child in this study is a mobile figure deployed across generic boundaries throughout the history of British cinema and embodying a range of discourses regarding the health and wellbeing of the nation

Entity modeling: la terza generazione della catalogazione Tiziana Possemato, 2024-12-01 Indagare i concetti di entità e di identità in ambito catalografico costituisce il punto di partenza di questo lavoro Poco esplorati nel loro significato più profondo e nella loro applicazione alla catalogazione i due concetti non sono mai stati analizzati in relazione all'attività di identificazione e modellazione degli oggetti del dominio GLAM attività non semplice soprattutto laddove la molteplicità di profili rende l'entità un oggetto sfaccettato dai confini non sempre chiari e definiti spesso fluidi e dunque difficili da fissare L'esigenza di identificare le entità che compongono il ricco universo bibliografico ci porta a ipotizzare un altro modo di guardare alla catalogazione l'entity modeling si presenta come il terzo passaggio generazionale nella gestione del dato bibliografico imponendo o richiedendo un cambiamento di prospettiva nel trattamento delle informazioni ma anche nel linguaggio di formalizzazione delle stesse
