Criteria for Awarding School Leaving Certificates Frances M. Ottobre, 2014-05-19 Criteria for Awarding School Leaving Certificates An International Discussion focuses on formal and official evaluation of school learning and student achievement at the time schooling is discontinued The book is based on the proceedings of the 1977 Conference of the International Association for Educational Assessment held at the Kenyatta Conference Center in Nairobi Kenya on May 23 28 1977 The selection first discusses school leaving examinations as a function of external and educational factors and the terms of reference for school leaving examinations The book also takes a look at the comparability of grading standards in public examinations in England and Wales basic assessment issues in school leaving examination programs and the case for school leaving examinations in The Netherlands The text reviews the alternatives to school leaving examinations in Sweden and Brazil as well as the abolition of final examination transition from secondary school to higher education and support structures The book also ponders on the structure of secondary school system in Austria Australia Bermuda Cyprus Hong Kong India and Ireland The selection is a dependable reference for readers interested in school learning and student achievement measurements

Validating Technological Innovation David Coniam, Peter Falvey, 2016-04-02 This book discusses Hong Kong's use of onscreen marking OSM in public examinations Given that Hong Kong leads the way in OSM innovation this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong The authors discuss their experience of the validation process demonstrating

how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders

Supporting the Learning of Chinese as a Second Language: Implications for Language Education Policy Joseph Lo Bianco, Elizabeth Ka Yee Loh, Mark Shiu-kee Shum, 2024-10-25 The research in this volume takes account of the context of policy promoting Chinese as a second language CSL in several countries and regions Australia East Asia and South East Asia and the wider social context of multilingual and multicultural societies Furthermore this book reports results of two research studies which investigated how to develop effective strategies to promote learners motivation and the motivational developments of adult learners in real life settings helping to overcome gaps in this under researched area Findings reported in this book have been scientifically examined and found to be effective in enhancing the learners CSL proficiency increasing their learning motivation and addressing the need for a diversity of targeted approaches to CSL Most are applicable across preschool to secondary levels The theoretical grounding of this research work represents a new direction for research in teaching Chinese as a second language

The Making of an Alienated Generation Sai-Wing Leung, 2019-07-23 First published in 1997 this volume examines the political apathy of the Hong Kong Chinese with a particular focus on children in secondary schools While most previous studies have been of adults Leung s approach exposes a generation who are politically uninvolved and disenchanted He examines teacher student encounters in a depoliticized school context and through a curriculum in which explicit political content is absent The study throws light both on Chinese youths and the interaction of older and younger generations and its macroscopic implications are distinctly ominous suggesting trouble ahead for the Hong Kong Special Administrative Region
