Crash Course World History Top Documentary Films:

Strategic Inventions of World War II Jeri Freedman, 2015-12-15 While America did not get involved in World War II until 1941 it saw plenty of combat and new technologies. One of the largest wars in history World War II provided an opportunity to develop unique and influential technologies such as the jet engine, the computer, and radar. This book unravels the details of the war, the efforts that went into developing these key technologies, and the legacy that the war and these developments had on societies then as well as today.

Those Who Made It John C. Tibbetts, 2015-09-15 What was it like to work behind the scenes away from the spotlight's glare in Hollywood's so-called Golden Age? The interviews in this book provide eye witness accounts from the likes of Steven Spielberg and Terry Gilliam to explore the creative decisions that have shaped some of Classical Hollywood's most loved films.

Encyclopedia of the Documentary Film Ian Aitken, 2006 This encyclopedia examines individual films and the careers of individual film makers; it also provides overview articles of national and regional documentary film history. It explains concepts and themes in the study of documentary film, the techniques used in making films, and the institutions that support their production.

Risky Business William D. Romanowski, 2017-07-28 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century. Rock music and its interaction with film is the subject of this significant book that re-examines and extends Serge Denisoff's pioneering observations of this relationship. Prior to Saturday Night Fever, rock music had a limited role in the motion picture business. That movie's success and the success of its soundtrack began to change the silver screen. In 1983 with Flashdance, the situation drastically evolved, and by 1984 ten soundtracks, many in the pop rock genre, were certified platinum. Choosing which rock scores to discuss in this book was a challenging task. The authors made selections from seminal films such as The Graduate, Easy Rider, American Graffiti, Saturday Night Fever, Help, and Dirty Dancing. However, many productions of the period are significant not because of their success but because of their box office and record store failures. Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century. This book is essential for those interested in communications, popular culture, and social change.

Zen Pencils Gavin Aung Than, 2014-11-11 NEW YORK TIMES BESTSELLER Gavin Aung Than, an Australian graphic designer turned cartoonist, started the weekly Zen Pencils blog in February 2012. He describes his motivation for launching Zen Pencils: "I was working in the boring corporate graphic design industry for eight years before finally quitting at the end of 2011 to pursue my passion for illustration and cartooning. At my old job when my boss wasn't looking, I would waste time reading Wikipedia pages, mainly biographies about people whose lives were a lot more interesting than mine. Their stories and quotes eventually inspired me to leave my job to focus on what I really wanted to do. The idea of taking these inspiring quotes, combining them with my love of drawing, and sharing them with others led to the creation of Zen Pencils. Zen Pencils deftly blends the inspired thoughts of our great creative and moral thinkers with its own fresh visual

wit Because these work as pithy history lessons illuminating timeless human truths it's no wonder Gavin's engaging comics go viral Michael Cavna Washington Post's Comic Riffs Sometimes all it takes is a clear original vision and a talented hand Gavin Aung Than and his genius of Zen Pencils gives us that together and so much more Chris Hadfield retired astronaut and former Commander of the International Space Station If you read this book and don't get a lump in your throat and a stirring in your heart at least once check your pulse You're dead Philip Plait The Bad Astronomer Gavin has the amazing ability to make words and ideas come alive He teaches inspires and brings a whole new level of creativity to the quotes that hold a special place in our hearts Bren Brown Ph.D. LMSW Author of the No. 1 New York Times Bestseller Daring Greatly Zen Pencils is a visual demonstration of joy and courage Buy it for inspiration and keep it for regular reminders of living bigger

Chris Guillebeau New York Times Bestselling Author of The 100 Startup **Queer Cinema in America** Aubrey Malone, 2019-11-11 Explore queer cinema over time with this comprehensive encyclopedia helping readers understand films directors actors themes and other topics related to LGBTQ cinema history Just as American society has changed dramatically from decade to decade so has queer cinema Taking us from a time when LGBTQ characters were often represented as either caricatures or figures of farce this lively yet authoritative reference explores the sea change ushered in by such stars as Greta Garbo and Marlene Dietrich in the 1930s and 40s androgynous figures such as Montgomery Clift James Dean and Marlon Brando in the 50s and closeted gay men such as Rock Hudson and Liberace whose double lives were exposed by the scourge of AIDS Included are alphabetically arranged entries on stars directors films themes and other topics related to queer cinema in America including films and persons from outside the U.S. who nonetheless figured prominently in America popular culture Entries cite works for further reading sidebars provide snippets of interesting trivia a timeline highlights key events and a selected general end of work bibliography cites the most important major works on the topic **Film/video Rental Catalog** University of California (System). Extension Media Center, 1999 **Strategic Inventions of the Korean War** Cathleen Small, 2016-12-15 Following on the heels of the devastation of World War II the Korean War brought many different emotions to the American people Some were angry to be involved in another conflict so soon while others were spurred by the rise of Communism in other parts of the world Regardless during this time many technologies were being developed tested or improved This book explains the reasons behind the Korean War and discusses the leading technologies that defined the era and were developed during this conflict **Affect and Belonging in Contemporary Spanish Fiction and Film** Jesse Barker, 2017-08-24 This book brings together recent Spanish fictions and films that point to individualism as the root problem driving diverse circumstances of social economic and psychological suffering in the present and recent past The works privilege sensation movement and emotion rather than identity as the core elements of existential experience However the works also problematize notions of intersubjectivity confronting ideals of affective immersion and cultural nomadism with the concrete contexts that shape particular lives and social formations This confrontation underlies a series of

crossroads or productive engagements that guide the book's five main chapters locally rooted identity and global cultural circuits historical contexts and universal modes of being personal authenticity and consumer culture migration and cultural identity Spain's historical underdevelopment and impending future crises All of these issues make affective connection and attachment the greatest existential challenge facing individuals and collectives in the contemporary world both in Spain and elsewhere

An Introduction to Stocks, Trading Markets and Corporate Behavior Clifford D. Wright, 2015-01-10 Lack of financial knowledge is not only an economic consideration but also a social concern garnering greater attention from school administrators governmental agencies and policymakers This concern highlights the fact that widespread gaps in levels of financial literacy exist and at risk are those who are least familiar with complex savings and investment vehicles and with financial planning concepts and their long term benefits Today's complex financial services market offers investors an endless array of products and services to meet individual financial needs and the degree of choice requires the knowledge to evaluate the options and the ability to identify those that best suit individual needs and circumstances This book collates a wealth of expertise and insight and aims to provide a new generation a higher understanding of the various investment products and services in the marketplace and to increase the likelihood of attaining a secure financial future In addition the material will educate those interested in increasing their aptitude about financial choices and will assist in gaining a greater understanding of the benefits of saving through securities investments The content provides knowledge that will empower individuals to make better informed investment decisions assist in planning for their future and will make a contribution to creating a sound lifestyle during working years and through out retirement The curriculum focuses on relevant knowledge and provides ample opportunities for an integrated learning experience Throughout the program of study students will not only learn important concepts but will have ample opportunities through coursework and assignments to apply these concepts to real and simulated practice situations On the high school and undergraduate levels this supplemental book shall appropriately pair with courses that include Math Applications in the Real World Personal Financial Planning Introduction to Investments Money and Finance or Money and Banking At the graduate level the book compliments courses which provide analysis of financial instruments financial markets or insurance and investment companies Courses that are commonly offered on the graduate level include Financial Management Investment Analysis or Personal Financial Planning Prerequisites are not required as these are lower level classes Many of the modules are commonly taught at most Universities and several of the classes are required for Business and Finance majors A few points should be made regarding how the instructional aids contained in this manual can be used Firstly a section at the end of the chapter contains questions self test problems and case analyses This Guide provides answers to the questions problems and cases PowerPoint slides are included to aid the pedagogy We encourage educators to modify the slides in the manner that best fits the course Instructors can contact the publisher or the author to request supplemental material Secondly since there is no single best way to teach

a financial literacy course the optimal class structure will vary with students backgrounds the instructors interests the number of students and the fit of the content in the overall curriculum Volume 1 consists of subject content commonly used abbreviations core analysis exercises case analyses and an extensive glossary Future volumes will cover bonds mutual funds and annuities We trust readers will find this guide to be a valuable resource for gaining insight and best practices relevant to saving and investment participation The Author Clifford D Wright Cultural Hegemony in a Scientific World ,2020-12-07

This volume in political epistemology offers a comprehensive discussion of the multiple applicability of Gramscian concepts and categories to the historical sociological and cultural analysis of science The authors argue that the perspective of hegemony and subalternity allows us critically to assess the political directedness of scientific practices as well as to reflect on the ideological status of disciplines that deal with science at a meta level historical socio historical and epistemological Contributors include Massimiliano Badino Javier Balsa Lino Camprub Ana Carneiro Lu s Miguel Carolino Riccardo Ciavolella Roger Cooter Alina Sandra Cucu Maria Paula Diogo Isabel Jim nez Lucena Annelies Lannoy Jorge Molero Mesa Agust Nieto Galan Pietro Daniel Omodeo Matteo Realdi Jaume Sastre Juan Arne Schirrmacher Ana Sim es Carlos Tabernero Holgado and Carlos Ziller Camenietzki **Introduction to Ethics by a Teacher From Finland** Jouni Vilkkä,2024-09-11 This book

covers the whole field of philosophical ethics metaethics normative ethics philosophies of life and applied ethics Various web links are also included especially to the relevant videos on the author s YouTube channel TFF Teacher From Finland The contents of the book include everything that may be covered in introductory ethics courses whether in senior high school or college but go beyond what can usually be covered in any single course If you wanted to learn what ethics is about here is a book that explains it all in simple terms **From Internationalism to Postcolonialism** Rossen Djagalov,2020-03-19

Would there have been a Third World without the Second Perhaps but it would have looked very different From Internationalism to Postcolonialism recounts the story of two Cold War era cultural formations that claimed to represent the Third World project in literature and cinema and offers a compelling genealogy of contemporary postcolonial studies

Trigger Matt Vaughn,2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma The author s personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling

readers to successfully pull their own cosmic trigger Air Corps News Letter ,1962 *Arms* Andrew Somerset,2015-09-15

After a fifteen year hiatus from the world of guns journalist sports shooter and former soldier A J Somerset no longer fit in with other firearm enthusiasts Theirs was a culture much different than the one he remembered a culture more radical less tolerant and more immovable in its beliefs as if each gun had come with a free bonus ideological Family Pack of political tenets a ready made identity To find the origins of this surprising shift Somerset began mapping the cultural history of guns and gun ownership in North America *Arms The Culture and Credo of Gun* is the brilliant result How were firearms transformed from tools used by pioneers into symbols of modern manhood Why did the NRA s focus shift from encouraging responsible gun use to lobbying against gun safety laws What is the relationship between gun ownership and racism in America How have the film television and video game industries molded our perception of gun violence When did the fear of gun seizures arise and how has it been used to benefit arms manufacturers lobbyists and the far right Few ideas divide communities as much as those involving firearms and fewer authors are able to tackle the subject with the same authority humor and intelligence Written from the unique perspective of a gun lover who s disgusted with what gun culture has become *Arms* is destined to be one of the most talked about books of the year *Billboard* ,1997-02-01 In its 114th year *Billboard* remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **FHWA News** ,2010
