

Llega la noche y el Quijote se pone a velar sus armas, que están puestas encima de una pila. En esto llega un señor a coger agua para dársela a los animales, y el Quijote le dice, que no se atreva a mover sus armas, porque lo pagará con la vida. Este pasa de él y cuando va a mover las armas, para poder coger agua, el Quijote le da con la lanza en la cabeza y lo dejó inconsciente, en esto llega otro con las mismas intenciones, sin darse cuenta de que estaba el otro en el suelo, cuando hace lo que el otro, el Quijote sin avisarle le da con la lanza en la cabeza y se la abre en tres partes o más.
