fan and the many awards and honors he has received Motivating quotes from King from interviews over the decades My childhood was pretty ordinary except from a very early age I wanted to be scared there was a radio program at the time called Dimension X and my mother didn't want me to listen to that because she felt it was too scary for me so I would creep out of bed and go to the bedroom door and crack it open And she loved it so apparently I got it from her but I would listen at the door and then when the program was over I'd go back to bed and quake Stephen King Young adults will covet this comprehensive yet accessible reference to their favorite horror author **The Many Facets of Stephen King** Michael R. Collings, 2008-08-01 A study of King's fiction including a chapter on criticism and a chronology of King's works **Stephen King from A to Z** George Beahm, Beahm, 1998-09 Contains hundreds of alphabetically arranged entries that provide information about various aspects of the life and work of popular novelist Stephen King *Dissecting Stephen King* Heidi Strengell, 2005 In a thoughtful well informed study exploring fiction from throughout Stephen King's immense oeuvre Heidi Strengell shows how this popular writer enriches his unique brand of horror by building on the traditions of his literary heritage Tapping into the wellsprings of the gothic to reveal contemporary phobias King invokes the abnormal and repressed sexuality of the vampire the hubris of Frankenstein the split identity of the werewolf the domestic melodrama of the ghost tale Drawing on myths and fairy tales he creates characters who like the heroic Roland the Gunslinger and the villainous Randall Flagg may either reinforce or subvert the reader's childlike faith in society And in the manner of the naturalist tradition he reinforces a tension between the free will of the individual and the daunting hand of fate Ultimately Strengell shows how King shatters our illusions of safety and control King places his decent and basically good characters at the mercy of indifferent forces survival depending on their moral strength and the responsibility they may take for their fellow men

*The Moral Voyages of Stephen King* Tony Magistrale, Anthony Magistrale, 1989-01-01 Magistrale discusses the themes that turn King's fiction into morality tales *The Complete Stephen King Universe* Stanley Wiater, Christopher Golden, Hank Wagner, 2006-05-30 The Stephen King companion to end all Stephen King companions An indispensable insider's guide to his influences stories adaptations and more Publishers Weekly The Stephen King Universe is a vast expanse of grotesque horror dark magic and fearsome wonder Conjured from on man's imagination it is an ever expanding kingdom of twisting dark pathways a place where one might easily get lost without guidance The Complete Stephen King Universe is the only definitive reference work that examines all of Stephen King's novels short stories motion pictures miniseries and teleplays and deciphers the threads that connect all of his work This ultimate resource includes in depth story analyses character breakdowns little known facts and startling revelations on how the plots themes characters and conflicts intertwine *The Modern Weird Tale* S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown Accordingly the

author regards the complex subtle work of Shirley Jackson Ramsey Campbell Robert Aickman T E D Klein and Thomas Ligotti as considerably superior to the best sellers of Stephen King Clive Barker Peter Straub and Anne Rice Other writers such as William Peter Blatty Thomas Tryon Robert Bloch and Thomas Harris are also discussed Taken as a whole the volume represents a pioneering attempt to chart the development of weird fiction over the past half century      **Stephen King** Tony Magistrale,2009-12-21 This analysis of the work of Stephen King explores the distinctly American fears and foibles that King has celebrated condemned and generally examined in the course of his wildly successful career Stephen King America s Storyteller explores the particular American ness of Stephen King s work It is the first major examination to follow this defining theme through King s 40 year career from his earliest writings to his most recent novels and films made from them Stephen King begins by tracing Stephen King s rise from his formative years to his status as a one of the most popular writers in publishing history It then takes a close look at the major works from his canon including The Shining The Stand It Dolores Claiborne and The Dark Tower In these works and others author Tony Magistrale focuses on King s deep rooted sense of the American experience exemplified by his clear eyed presentation of our historical and cultural foibles and scars his gallery of unlikely friendships that cross race age and class boundaries and his transcendent portrayals of uniquely American survival instincts fellowship and acts of heroism from the least likely of sources      Scaring Us to Death Michael R. write at a level of originality few authors could ever hope to match Despite his dark and disturbing work Stephen King has become revered by critics and his countless fans as an all American voice more akin to Mark Twain than H P Lovecraft Haunted Heart chronicles his story revealing the character of a man who has created some of the most memorable and frightening stories found in literature today Rogak looks at what scares King enough that he s been able to keep readers entertained for thirty years Bangor Daily News Rogak has pieced together King s sometimes erratic life scrupulously into a clean swift read Times Online U K **Gothic Writers** Douglass H.
