Abstract The purpose of this study was to determine the effect of a 12-week training program on the performance of young female basketball players. The study was conducted in a gymnasium in Istanbul, Turkey. The participants were 15 young female basketball players, aged 14-16 years. The training program consisted of 12 weeks of training, 3 times a week, for a total of 36 sessions. The training program included a variety of exercises, including strength training, endurance training, and skill training. The performance of the players was measured at the beginning and end of the training program. The results of the study showed that the training program had a significant positive effect on the performance of the young female basketball players. The players showed significant improvements in their strength, endurance, and skill performance. The study suggests that a 12-week training program can be an effective way to improve the performance of young female basketball players.

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
