Remer, 2017-03-14 Succeeds admirably in showing how the study of Cicero's political thought can still be relevant for modern debates in political philosophy Political Theory For thousands of years critics have attacked rhetoric and the actual practice of politics as unprincipled insincere and manipulative In Ethics and the Orator Gary A Remer disagrees offering the Ciceronian rhetorical tradition as a rejoinder Remer's study is distinct from other works on political morality in that it turns to Cicero not Aristotle as the progenitor of an ethical rhetorical perspective Ethics and the Orator demonstrates how Cicero presents his ideal orator as exemplary not only in his ability to persuade but in his capacity as an ethical person Remer makes a compelling case that Ciceronian values balancing the moral and the useful prudential reasoning and decorum are not particular only to the philosopher himself but are distinctive of a broader Ciceronian rhetorical tradition that runs through the history of Western political thought post Cicero including the writings of Quintilian John of Salisbury Justus Lipsius Edmund Burke the authors of The Federalist and John Stuart Mill Gary Remer's very fine new book could not be more familiar or more central to contemporary politics Perspectives on Politics Well illustrates ways in which Cicero was perhaps the classical political thinker most concerned with the transcendence of the common good The Review of Politics **Rhetorik und Stilistik / Rhetoric and Stylistics** Ulla Fix, Andreas Gardt, Joachim Knappe, 2009-10-28 Keine ausführliche Beschreibung für Rhetorik und Stilistik Rhetoric and Stylistics verfügbar *Argument und literarische Form in antiker Philosophie* Michael Erler, Jan Erik Heßler, 2013-10-14 In antiquity philosophical argumentation was often embedded in a literary form of presentation whose composition followed certain genre determined rules At the Third Congress of the Society for Ancient Philosophy philologists and philosophers gave presentations about this point of intersection between philosophical argument and literary forms This volume seeks to provide insight into the discussion as well as stimulate further thought *A Companion to Greek Rhetoric* Ian Worthington, 2010-01-11 This complete guide to ancient Greek rhetoric is exceptional both in its chronological range and
