But the more a prelate is homophobic the more likely it is that he is himself gay Behind rigidity there is always something hidden in many cases a double life These are the words of Pope Francis himself and with them the Pope has unlocked the Closet No one can claim to really understand the Catholic Church today until they have read this book It reveals a truth that is extraordinary and disturbing

The Taste of Nostalgia Amy Cox Hall, 2024-11-26 An exploration of gender, race and food in Peru in the 1950s and 1960s and today. From the late 1940s to the mid 1960s Peru's rapid industrialization and anti-communist authoritarianism coincided with the rise of mass-produced cookbooks, the first televised cooking shows, glossy lifestyle magazines and imported domestic appliances and foodstuffs. Amy Cox Hall's *The Taste of Nostalgia* uses taste as a thematic and analytic thread to examine the ways that women, race and the kitchen were foundational to Peruvian longings for modernity both during the Cold War and today. Drawing on interviews, personal stories, media images and archival and ethnographic research, Cox Hall considers how elite European-descended women and the urban home were central to Peru's modernizing project and finds that all women who labored within the deeply racialized and gendered world of food helped set the stage for a Peruvian food nationalism that is now global in the twenty-first century. Cox Hall skillfully connects how the sometimes unsavory tastes of the past are served again in today's profitable and pervasive gastronomic nostalgia that helps sell Peru and its cuisine both at home and abroad. **Music as Intangible Cultural Heritage** Blanca de-Miguel-Molina, Virginia Santamarina-Campos, María de-Miguel-Molina, Rafael Boix-Doménech, 2021-08-20 This open access book offers an interdisciplinary perspective and presents various case studies on music as ICH, highlighting the importance and functionality of music to stimulating social innovation and entrepreneurship. Intangible Cultural Heritage (ICH) covers the traditions or living expressions proposed by the 2003 Convention for the Safeguarding of the Intangible Cultural Heritage in five areas including music. To understand the relationship between immaterial and material uses and inherent cultural landscapes, this open access book analyzes the symbolic, political and economic dimensions of music. The authors highlight the continuity and current functionality of these artistic forms of expression as well as their lively and changing character in continuous transformation. Topics include the economic value and impact of music, strategies for social innovation in the music sector, music management and public policies to promote

cultural and creative industries **Dreams Achieved and Denied** Robert Courtney Smith, 2024-08-01 U S born Mexicans in New York City have achieved perhaps the biggest single generation jump in mobility in American immigration history In 2020 42 percent of second generation U S born Mexican men and 49 percent of U S born Mexican women in New York City had graduated from college versus a 13 14 percent second generation college graduation rate for most places for most studies done in recent decades How did U S born Mexicans in New York City achieve such remarkable mobility In *Dreams Achieved and Denied* sociologist Robert Courtney Smith examines the laws policies and individual and family practices that promoted and inhibited their social mobility For over twenty years Smith followed the lives and mobility of nearly one hundred children of Mexican immigrants in New York City Smith s longitudinal ethnographic data enabled him to intimately describe how specific mechanisms blocked or promoted mobility for years as his participants moved from adolescence through early adulthood and into established adulthood Smith documents how having or gaining legal status made certain New York City or New York State policies and practices more efficacious in supporting individual and family efforts and strategies for mobility Such immigrant inclusive and mobility promoting measures include enabling undocumented people to attend public colleges at in state tuition rates and later to get driver s licenses offering healthcare to all in New York City and the City s subway and school choice systems which enabled students to attend better schools or take opportunities outside their neighborhoods Smith finds that keeping the immigrant bargain whereby children of immigrants redeem their parents sacrifice by doing well in school helping their parents and siblings and becoming good people in their parents words helped them towards better adult outcomes and lives Having mentors picking academically stronger schools and friends and using second chance mechanisms also promoted more adult mobility However lacking legal status blocked mobility by preventing them from benefiting from these same mobility promoting city and state policies from mentors or from working hard and keeping the immigrant bargain *Dreams Achieved and Denied* deeply analyzes the historic upward mobility of U S born Mexicans in New York City It counters the dominant story research and public discourse tell about Mexican mobility in the U S and shows how thoughtful public policy can improve the lives of young immigrants and families *Update on Dementia*

Davide Moretti, 2016-09-28 The dementia challenge is the largest health effort of the times we live in The whole society has to move to a realization of the significance of prioritization to make an attempt in the direction of mental health promotion and dementia risk reduction New priorities for research are needed to go far beyond the usual goal of constructing a disease course modifying medication Moreover a full empowerment and engagement of men and women living with dementia and their caregivers overcoming stigma and discrimination should be promoted The common efforts and the final aim will have to be the progress of a dementia constructive world where people with dementia can take advantage of equal opportunities
