Global Business Strategy: Asian Perspective (Second Edition) Hwy-chang Moon, 2022-01-07 As the second edition of Global Business Strategy this book provides novel insights on how a firm can formulate a successful approach toward its global business from both the Western and Asian perspectives In this respect the book s overall goal is to bridge the gap between these two different viewpoints This second edition includes more recent business theories techniques and cases within the field of global business strategy Specifically it includes new theories and techniques like creating shared value CSV the global value chain platform strategy and business ecosystem They are shown to be important tools for enhancing competitiveness and maintaining sustainability among firms in today s rapidly changing international business environment This is very much evident today given the critical challenges arising from the trade tensions between the United States and China emerging technologies such as

artificial intelligence and digital transformation and the unprecedented disruptions brought on by the coronavirus pandemic We hope that this book will serve as a useful companion for students business practitioners policymakers and the more general readers interested in issues related to competitiveness and business **The International Business Environment** Leslie Hamilton, Philip Webster, 2015 Explores the process of globalization and the impact this has on international business organizations The text presents a framework to analyse the economic political legal financial technological socio cultural and ecological environments thereby outlining the factors which affect the everyday business of organizations

Contemporary Strategy Analysis, with eBook Access Code Robert M. Grant, 2024-11-19 THE UPDATED NEW EDITION OF THE CLASSIC STRATEGIC ANALYSIS TEXTBOOK ADDRESSES THE EMERGING CHALLENGES THAT BUSINESSES FACE IN AN INCREASINGLY COMPLEX AND DYNAMIC ENVIRONMENT A market leading title across the world in upper level undergraduate and MBA courses Contemporary Strategy Analysis combines a rigorous approach to business strategy analysis with highly relevant examples of current practice and a rich collection of case studies With a lively narrative style expert strategist and lecturer Robert M Grant introduces students to some of the latest thinking in the strategy field while addressing the strategic issues that business enterprises face today Designed to be accessible for students from different backgrounds with varying levels of experience the twelfth edition of Contemporary Strategy Analysis builds upon its tradition of clarity of exposition emphasis on practicality and concentration on the fundamentals of value creation and appropriation A wide range of contemporary topics are presented alongside fully integrated business models real world examples of business model innovation and practical tools for formulating and implementing business strategies Contemporary Strategy Analysis Twelfth Edition remains the ideal textbook for core strategy courses in Business Studies Management and MBA programs as well as for executive courses on competitive strategy corporate strategy and management consulting skills It is also a valuable resource for managers business owners founders and other professionals who are responsible for the strategic direction of a modern enterprise AN INTERACTIVE MULTIMEDIA LEARNING EXPERIENCE This textbook includes access to an interactive multimedia e text Icons throughout the print book signal corresponding digital content in the e text Videos and Animations Contemporary Strategy Analysis integrates abundant video content developed to complement the text and engage readers more deeply Content Review Videos provide a detailed review of each learning objective in each chapter and help students learn key concepts and an understanding of strategic management Self Tests and Practice Questions The e text also includes self scoring concept check quizzes Strategic Management Sushil, Sanjay Dhir, 2024-09-25 This book emphasizes the concepts of strategic innovation and entrepreneurship which are quite prevalent in today s organizations Going beyond traditional approach that follows strategic analysis choice and implementation framework and traditional theories based on industrial organization paradigm and resource based view the book considers current business environment which is volatile uncertain complex chaotic conflicting and ambiguous

VUCA It takes the strategic flexibility view to cope with these strategic challenges The book introduces the subject matter of strategic management in retrospect and prospect highlighting critical theories of strategic management It uses a strategic learning framework rather than a purely analytical approach to dynamically learn about the external situation internal resources and capabilities The evolution of strategy is given in terms of generic strategies in practice and adaptation in specific contexts It further deals with essential topics such as strategic alliances and networks mergers and acquisitions and global strategy It then provides the execution framework and models covering restructuring leadership corporate governance and change management The strategy in specific areas such as strategic technology management e business and knowledge management and functional strategies and policies are discussed to understand the implementation depth Finally it touches upon contemporary issues such as sustainable enterprise stakeholder perspectives and comparative strategies in various contexts It then outlines future directions of strategic management In the end case analysis guidelines are provided with sample cases from different parts of the world The book also used interpretive and simulation methods such as system dynamics and total interpretive structural modeling to grasp the relationships and their dynamic impact provided throughout the book It will be an invaluable resource for researchers of business strategy as well as students studying these courses it will also be useful for industry practitioners corporates and business policy makers

The Art of Strategy Hwuy-Chang Moon, 2018-08-09 When it comes to strategy how should we define victory For centuries Eastern and Western thinkers have grappled with this question offering different answers What can we learn from this difference In *The Art of Strategy* Moon provides a novel and systematic integration of the two dominant frameworks of the East and West Sun Tzu's military strategy and Michael Porter's business strategy This unlikely combination of thinking suggests an innovative extension of our understanding and practice of strategy which will appeal to scholars students practitioners and general readers with an interest in strategy By aligning the perspectives of these two great thinkers Moon argues that true winning is about maximizing and optimizing overall value for all engaged stakeholders and this requires a more efficient approach to strategy

Contemporary Strategy Analysis Robert M. Grant, 2016-01-05 A strategy text on value creation with case studies The ninth edition of *Contemporary Strategy Analysis Text and Cases* focuses on the fundamentals of value creation with an emphasis on practicality Topics in this edition include platform based competition and ecosystems of related industries the role of strategy making processes mergers acquisitions and alliances and strategy implementation Within the twenty case studies students will find leading companies that are familiar to them This strategy analysis text is suitable for MBA and advanced undergraduate students

Managing Cultural Differences Robert T. Moran, Neil Remington Abramson, Sarah V. Moran, 2014-02-24 The world of business for all organizations in the twenty first century is global interdependent complex and rapidly changing That means sophisticated global leadership skills are required more than ever today Individual and organizational success is no longer dependent solely on business acumen Our ability to understand communicate and manage

across borders countries and cultures has never been as important as it is now The understanding and utilization of cultural differences as a business resource is a key building block as companies rely on their global reach to achieve the best profit and performance For this reason international business and cross cultural management are key topics in undergraduate business MBA and executive education programs worldwide as companies and institutions prepare current and future business leaders for the global marketplace This exciting new edition of the highly successful textbook *Managing Cultural Differences* seeks to guide students and any person with global responsibilities to understand how culture fits in a changing business world how to gain a competitive advantage from effective cross cultural management and gives practical advice for doing business across the globe With updated content new case studies and a new author team *Managing Cultural Differences* is required course reading for undergraduates postgraduates and MBA students alike as well as being of significant value for anyone who sells purchases travels or works internationally
