Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993 the Sourcebook for Research in Music has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come

Journal of Music Theory Pedagogy, 2011 *Music, Business and Peacebuilding* Constance Cook Glen, Timothy L. Fort, 2021-12-21 Business schools are placing more emphasis on the role of business in society Top business school accreditors are shifting to mandating that schools teach their students about the social impact of business including AACSB standards to require the incorporation of business impact on society into all elements of accredited institutions Researchers are also increasingly focused on issues related to sustainability but in particular to business and peace as a field A strong strain of scholarship argues that ethics is nurtured by emotions and through aesthetic quests for moral excellence The arts and music as shown specifically in this book can be a resource to nudge positive emotions in the direction toward ethical behavior and logically then toward peace Business provides a model for positive interactions that not only foster long term successful business but also incrementally influences society This book provides an opportunity for integration and recognition of how music and other art forms can further encourage business toward the direction of peace while business provides a platform for the dissemination and modeling of the positive capabilities of music toward the aims of peace in the world today The primary market for this book is the academic audience Unlike many other academic books however the interdisciplinary nature of the book allows for multiple academic audiences Thus this book reaches into schools of music business political science film studies sports and society studies the humanities ethics and of course peace studies
