Back cover **Delivering a Preparatory Course for The Cambridge First Certificate in English Examination by Using the Ingenio E-Learning Platform**, 2011-03-24 La publicaci n de este volumen representa un caso relativamente ins lito Un peque o grupo de j venes investigadores de menos de treinta a os convence a un grupo mucho m s numeroso de la misma edad para celebrar en Salamanca la First Conference of Young Researchers on Anglophone Studies El resultado es deslumbrante No solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones cient ficas son sobresalientes Este volumen Current Trends in Anglophone Studies recoge una selecci n revisada de las propuestas presentadas en el Encuentro y gira en torno a una estructuraci n tripartita cl sica estudios culturales ling sticos y literarios En ella caben todos aquellos que se mueven en el campo de los estudios angl fonos Cada uno de estos campos podr a haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos De ese modo este volumen se convierte en un ejemplo de aproximaci n interdisciplinar a los estudios angl fonos Desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor Sin embargo sobresale la variedad de temas tratados as como la internacionalizaci n de los autores dentro de este apartado Estudiantes espa oles e italianos acometen estudios relacionados con la m sica la pintura el cine la traducci n la marginalidad social o el impacto de las nuevas tecnolog as en la producci n art stica Si no pareciera demasiado atrevido podr a decirse que estos j venes estudiosos ir an m s all de lo que un d a ya lejano pudieron imaginar Richard Hoggard o Raymond Williams Los estudios aqu presentados reflejan sin duda la evoluci n que la propia sociedad ha experimentado en estos ltimos cincuenta a os y exploran la relaci n entre las pr cticas culturales la vida diaria y los contextos econ micos pol ticos e hist ricos No es de extra ar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del ingl s se ha incrementado de forma considerable en los ltimos a os Sobresalen los an lisis puramente filol gicos y sobre todo los relacionados con el aprendizaje del ingl s como segunda lengua Por eso destacan estudios que contemplan rasgos morfol gicos l xicos o sint cticos Sin embargo el mayor n mero de participaciones hace referencia al ya citado aprendizaje del ingl s como L2 tanto desde el an lisis de materiales como desde la pr ctica oral o escrita Las contribuciones literarias ofrecen una evaluaci n te rica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinarias como interculturales Cronol gicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros d as con un acento especial en los autores m s contempor neos y en el g nero narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociol gicas o psicol gicas Pero abundan menos las aproximaciones desde la teor a

literaria desde la tcnica narrativa o como tal vez cabr a esperar al tratarse de estudiantes tan j venes desde la aplicaci n de las nuevas tecnolog as Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de g nero En definitiva se trata de una selecci n de art culos claramente prometedora que transmite la seguridad de que el futuro de la Filolog a Inglesa est en buenas manos y podr experimentar una positiva evoluci n en los pr ximos a os Por todo ello hay que felicitar a todos los participantes individuales y sobre todo a los organizadores del evento y editores de este volumen que han demostrado una enorme capacidad de trabajo y de saber hacer
