Restauro architettonico B. Paolo Torsello, 2002 **Memoria e restauro dell'architettura** Mario Dalla Costa, Giovanni Carbonara, 2005 Restauro architettonico Letizia Galli, 2020-08-12T00:00:00+02:00 Il restauro architettonico non disciplina di certezze non affrontabile con un metodo in genere condiviso e confortante come accade solitamente dovendo calcolare l'armatura di un pilastro o la portata di una tubazione Il termine stesso ha subito nel tempo continue trasformazioni rendendo ancor più complesso questo campo di competenze e di pratiche applicazioni Bisogna pertanto accettare questa variabilità di significati per penetrare in un mondo così multiforme e spesso difficile alla ricerca di conoscenza piuttosto che di verità Da quando sul finire del diciottesimo secolo il restauro nasce come disciplina autonoma l'urgenza di darvi uno statuto è stata espressa da studiosi molto diversi tra loro architetti ingegneri storici filosofi Ciascuno ha proposto tesi e principi partendo dalla specificità della propria formazione ma anche influenzato certamente dallo spirito dei tempi Per queste ragioni chi desidera affrontare la lettura di questo libro dei testi degli autori trattati non vi troverà formule univoche e vincenti bensì innumerevoli occasioni di arricchimento e di riflessione basi fondamentali per questa disciplina che nel suo carattere operativo chiede una continua attenzione metodologica

Soprintendenza archeologia belle arti e paesaggio per la città metropolitana di Firenze e le province di Pistoia e Prato Barbara Arbeid, Andrea Pessina, Massimo Tarantini, 2020-12-24 L'eccezione come regola: il paradosso teorico del restauro / The Exception as the Rule: The Paradox of Restoration Susanna Caccia Gherardini, 2025-04-01 Ripensare il restauro nei suoi aspetti teorici significa oggi affrontare alcuni nodi epistemici e culturali che possono far scivolare lo studioso nei terreni insidiosi del dibattito critico Un nodo quello della critica che il restauro deve affrontare per non incorrere nell'empirismo ingenuo e per arginare l'allargarsi incontrollato di paradossali specializzazioni ma anche di grottesche declinazioni di ciò che può essere patrimonio Il volume tenta di tracciare un proprio orientamento teorico confrontando esperienze e punti di vista ma passando anche attraverso la stretta cruna della questione del linguaggio del restauro Senza una teoria il restauratore si troverebbe quasi disarmato di fronte alla ricchezza dell'eccezione che ogni pratica di cantiere porta fortunatamente con sé Rethinking restoration in its theoretical aspects today means addressing certain epistemic and

cultural issues that can lead scholars into the intricate terrain of critical debate Criticism is a crucial aspect that restoration must confront to avoid naïve empiricism and to curb the uncontrolled expansion of paradoxical specializations as well as grotesque reinterpretations of what can be considered heritage This volume seeks to establish its own theoretical orientation by comparing experiences and perspectives while also navigating the narrow passage of the language of restoration Without a solid theoretical foundation the restorer would find themselves almost defenseless in the face of the richness of exceptions that each restoration site practice inevitably brings
