

GEOGRAFIA POLITICA – A. Jeffrey, J. Painter

CAPITOLO 1. Politica, geografia e geografia politica

Da una prospettiva politica la vita attualmente è interessante, considerati i cambiamenti politici avvenuti negli ultimi 25 anni. Le organizzazioni politiche tradizionali persistono, ma si sono modificate, mentre nuovi enti politici nascono per poi, talvolta, scomparire velocemente. Ciò che incuriosisce è la sfiducia generale dei cittadini nei confronti della politica formale, il che è spiegabile dalla maggiore complessità del mondo contemporaneo, poiché nessun partito, leader o movimento politico sembra capace di cogliere 'lo spirito del tempo.' Però la politica non sta finendo, vista la mole di problematiche che dobbiamo quotidianamente affrontare. Direttamente o meno la politica permea ed influenza la nostra vita.

Politica formale ed informale

È diffusa la concezione che la politica generalmente riguardi i governi, i partiti, le elezioni e le politiche pubbliche, oppure le guerre, la pace e gli affari esteri.

In realtà, tutti questi fattori cruciali rientrano nella **politica formale**, definizione con cui si indica l'azione del sistema costituzionale di governo e le sue istituzioni e procedure definite dal Diritto pubblico. In questo senso la politica risulta separata dalla vita, riguardando comunque una sola parte della società (politici e dipendenti pubblici, le istituzioni dello Stato), così che la restante parte del popolo possa approcciarsi alla sfera politica in maniera limitata: i limiti sono stabiliti dalla legge. Lo Stato riconosce diritti formali (diritto di voto/possedere proprietà), ma anche doveri politici formali (comparire di fronte a un tribunale, pagare le tasse). La politica può anche modificare la società in cui viviamo, attraverso cambiamenti nelle politiche pubbliche. La politica formale può riguardare la vita quotidiana, ma non farne davvero parte. Varia il grado con cui lo Stato esercita un controllo sulla società, tuttavia anche nei paesi liberal-democratici la presenza dello Stato è evidente; inoltre nelle società liberali è più facile credere nella separatezza della politica formale, essendo la sua presenza nascosta o data per scontato e non viene messa in discussione.

La **politica informale**, invece, può essere sintetizzata nella frase "la politica è ovunque": un es. è la politica di ufficio, ma intesa così la politica si trova anche nell'ambito domestico (le donne fanno i lavori domestici più degli uomini), nell'industria, nell'istruzione, nella televisione ecc.

Si ritiene che la politica riguardi il **potere**, ma questo nel tempo si è evoluto e il pensatore francese **Michel Foucault** afferma che questi cambiamenti sono legati ai mutamenti del modo in cui il potere è stato ed è esercitato.

Riassunto Libro Di Geografia Politica Painter Jeffrey Docx
