*The Spaces and Places of Horror* Francesco Pascuzzi,Sandra Waters,2020-01-16 This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings locations spaces and places be they physical imagined or altogether imaginary In The Philosophy of Horror No l Carroll discusses the geography of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures this use of space is meant to trigger the audience s innate fear of the unknown This notion recalls Freud s theorization of the uncanny as it is centered on recognizable locations outside of the Lacanian symbolic order In some instances a location may act as one of the describing characteristics of evil itself In A Nightmare on Elm Street teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger s labyrinthine lair an inescapable boiler room that enhances Freddie s powers and makes him invincible In other scenarios the action may take place in a distant little known country to isolate characters Roth s Hostel films or as a way to mythicize the very origin of evil Bava s Black Sunday Finally anxieties related to the encroaching presence of technology in our lives may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places in Kurosawa s Pulse the internet acts as a gateway between the living and spirit worlds creating an oneiric realm where the living vanish and ghosts move to replace them This suggestive topic begs to be further investigated this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser known works for which this anthology represents the first piece of relevant scholarship

Addiction and Pastoral Care Nicolas Roberts,2018 Addiction can take many forms and there can hardly be a minister or a prison college or schools chaplain who will not have encountered its damaging effects on individuals their families and local communities In the UK in 2014 there were 3 300 drug related deaths and almost 9 000 alcohol related deaths 70% of offenders admit to a drug problem before prison and drug use is a major problem throughout the prison system Besides these

compulsive behaviours of all kinds damage personal and communal wellbeing Clergy and pastoral workers are often in the front line caring for addicts and their families usually without any professional training This handbook from an experienced pastoral practitioner offers An exploration of the psychology of addiction A theological perspective on desire The nature of pastoral care with addicts Practical models of pastoral care Resources for professional care      **Narcocapitalism** Laurent de Sutter, 2017-11-27 What do the invention of anaesthetics in the middle of the nineteenth century the Nazis use of cocaine and the development of Prozac have in common The answer is that they're all products of the same logic that defines our contemporary era the age of anaesthesia Laurent de Sutter shows how large aspects of our lives are now characterised by the management of our emotions through drugs ranging from the everyday use of sleeping pills to hard narcotics Chemistry has become so much a part of us that we can't even see how much it has changed us In this era being a subject doesn't simply mean being subjected to powers that decide our lives it means that our very emotions have been outsourced to chemical stimulation Yet we don't understand why the drugs that we take are unable to free us from fatigue and depression and from the absence of desire that now characterizes our psychopolitical condition We have forgotten what it means to be excited because our only excitement has become drug induced We have to abandon the narcotic stimulation that we've come to rely on and find a way back to the collective excitement that is narcocapitalism's greatest fear      Italian Crime Fiction in the Era of the Anti-Mafia Movement William Farina, 2020-03-13 Over the last three decades Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity The origins of the New Italian Epic as it has been coined by some of its proponents can be found in the widespread backlash against the Mafia sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992 Though beginning in the Italian language this prolific popular movement has more recently found its way into the English language and hence it has found a much wider international audience Following a brief yet detailed history of the cultural and economic development of Sicily this book provides a multilayered look into the evolution of the New Italian Epic genre The works of ten prominent contemporary writers including Andrea Camilleri Michael Dibdin Elena Ferrante and Massimo Carlotto are examined against the backdrop of various historical periods This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti-mafia Italian crime fiction      *Watching Sympathetic Perpetrators on Italian Television* Dana Renga, 2019-02-11 This book offers the first comprehensive study of recent popular Italian television Building on work in American television studies audience and reception theory and masculinity studies Sympathetic Perpetrators and their Audiences on Italian Television examines how and why viewers are positioned to engage emotionally with and root for Italian television antiheroes Italy's most popular exported series feature alluring and attractive criminal antiheroes offer fictionalized accounts of historical events or figures and highlight the routine violence of daily life in the mafia the police

force and the political sphere Renga argues that Italian broadcasters have made an international name for themselves by presenting dark and violent subjects in formats that are visually pleasurable and for many across the globe highly addictive Taken as a whole this book investigates what recent Italian perpetrator television can teach us about television audiences and our viewing habits and preferences *Наркокапитализм* Лоран де Суттер, 2021 XIX **Zero zero zero**, 2013

**Contemporary Italian Narrative and 1970s Terrorism** David Ward, 2017-02-13 This book is about literary representations of the both left and right wing Italian terrorism of the 1970s by contemporary Italian authors In offering detailed analyses of the many contemporary novels that have terrorism in either their foreground or background it offers a take on postmodern narrative practices that is alternative to and more positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s In its conclusions the book suggests that to meet the challenge of representation posed by terrorism fiction rather than fact is the writer's best friend and most effective tool **Fantastic Echoes in Contemporary Italian Literature** Angelo

Castagnino, 2023-11-02 In *Fantastic Echoes in Contemporary Italian Literature* Castagnino argues that contemporary Italian fiction often uses fantastic tropes to address realistic concerns In doing so he establishes a connection between the tradition of Gothic and fantastic fiction and societal concerns over topics such as ecocriticism ecofeminism artificial intelligence transhumanism and personal and collective memory The study of among others Nicola Lagioia Simona Vinci Alessandro Perissinotto and Michele Mari delivers a powerful rendition of the practical applications that fantastic and Gothic tropes have for an understanding of today's Italian fiction **Barrio San Siro** Paolo Grassi, 2024-06-25 *Barrio San Siro* Structural

Violence in the Peripheries of Milan collects the results of five years of ethnographic research in San Siro one of Milan's largest public housing neighborhoods It is a study that moves from a relational conception of urban space to analyze the structural violence that affects the margins of the Lombard capital among the folds of the rhetoric of its development its rebirth and its regeneration Alongside second generation youngsters abandoned elderly people struggling committees associations politicians and officials *Barrio San Siro* develops a multi level interpretation that moves from everyday practices to local regional and national policies Like other Milanese peripheral neighborhoods San Siro emerges page after page as a multicultural socio spatial configuration at once the epitome of global conditions the intersection of diverging interests of social and institutional actors the result of a local history that has led to a post Fordist and neoliberal present A critical and reflexive narrative a monograph that from an urban margin elaborates its idea of the anthropology of the city **MLA**
