The Quest for Excellence Dustin Gish,Chris Constas,J. Scott Lee,2016-08-25 Liberal education aspires to excellence through the cultivation of free human beings who excel in thought word and deed But what exactly is excellence and why do we admire it How do we conceive of what is excellent What constitutes excellence either for human beings or in the realms of philosophy literature science and politics Why is excellence an aim of liberal education What kinds of texts courses and inquiries contribute to achieving this end Such questions animate the studies herein The essays in this volume reflect on the idea of excellence embedded within core texts as well as how such texts influence and ennoble higher education In its chapters we consider rival forms of excellence from ancient Greece and Rome through modern Europe and America and beyond The world of antiquity and its accounts of excellence as represented in the works of Euripides Aristotle Plato Archimedes and Cicero are here brought into dialogue with diverse modern perspectives on excellence as articulated by Shakespeare Descartes Newton Locke Rousseau Kant Austen Darwin Lincoln Tennyson and Nietzsche as well as more recently by John Dewey Martin Luther King Jr Cardinal Newman and Eboo Patel Our desire to seek and understand excellence transcends borders and the purpose of this volume is to help perpetuate in contemporary higher education the study of core texts essential to the cultivation of excellence in the liberal arts and sciences
