

Geography Lesson

This poem is about a teacher and how he influenced his students. The poet feels that what we learn from our teachers is much more important than the books they teach us with. What have you learnt from your teachers?

What his teacher told him

Our teacher told us one day he would leave
And sail across a warm blue sea
To places he had only known from maps,
And all his life had longed to be.

The house he lived in was narrow and grey
But in his mind's eye he could see
Sweet-scented jasmine clinging to¹ the walls,
And green leaves burning on an orange tree.

He spoke of the lands he longed to visit,
Where it was never drab² or cold.
I couldn't understand why he never left,
And shook off the school's stranglehold.

Then halfway through his final term
He took ill and never returned.
He never got to that place on the map
Where the green leaves of the orange trees burned.

The maps were redrawn on the classroom wall;
His name forgotten, he faded away³.
But a lesson he never knew he taught
Is with me to this day.

I travel to where the green leaves burn,
To where the ocean's glass-clear and blue,
To places our teacher taught me to love—
But which he never knew.

¹clinging to: hanging tightly on ²drab: not interesting or colourful

³faded away: (here) was forgotten by everyone

Celebrating Poetry Across the K-12

Curriculum Napoli, Mary, Day, Deanna, Ward, Barbara A., 2025-07-16 Poetry provides opportunities to explore the universal and common experiences that connect us as human beings. When teachers infuse poetry into their classroom, it can foster compassion, develop interdisciplinary connections, and support literacy instruction. However, not all teachers use poetry in their classroom, either because they are not aware of the value of poetry or because they have not had positive experiences with poetry. Given the importance of sharing poetry with today's youth, educators must feel confident in evaluating well-written poetry and how to weave poetry from award-winning poets to support interdisciplinary connections. *Celebrating Poetry Across the K-12 Curriculum* aims to ensure that poetry for children is not neglected as part of the curriculum and to help educators feel more confident in their understanding of children's poetry, its relevance to children's lives, and its importance to supporting pedagogical connections. Featuring interviews with well-known poets, this resource also showcases the latest pedagogical and scholarly research supporting the integration of poetry in the K-12 classroom. Covering topics such as science, content, romanticism, and diversity recognition, this book is an excellent resource for educators, classroom teachers, literacy specialists, librarians, professionals, researchers, scholar-academics, and more. *Assessing Students with Poetry Writing Across Content Areas* Sarah J. Donovan, Kim Johnson, Anna J. Small, Roseboro, Barbara Edler, Gayle Sands, 2025-09-01 *Assessing Students with Poetry Writing Across Content Areas* reimagines formative assessment by advocating for a dynamic poetic approach that delves into students' meaning-making processes. It is a guide for teachers seeking innovative approaches to formative assessment, promoting a holistic, creative, reflective, and collaborative learning environment. It challenges the limitations of traditional worksheets and quizzes, urging educators to move beyond seeking restrictive answers and embrace students' texts as pathways to understanding. The authors put forward poetry as a vigorous tool and writing poetry as an act to foster deep learning across content areas. Practical examples of acrostic poems, haiku, and pantoum demonstrate the adaptability of poetic forms to diverse subjects. Through adaptable lesson plans that can be used across history, math, world languages, ELA, and science, the book encourages intentional poetic writing to learn activities and explores how poetry might present itself as a short creative assessment tool that helps teachers see what their students know and can do while also offering them the space to make new meaning in their original poetry. This book is a key resource for in-service educators teaching grades 6-12. **The Vital Approach** Donald Mattam, 2014-05-17 *The Vital Approach* Second Edition. Comment on
