with accompanying commentary by those who directed the work *A Road Map to PLC Success* Sean McWherter, 2017-03-16 Educators often have trouble properly implementing Professional Learning Communities PLCs because they simply don't know how the process is supposed to work. By cutting through the fluff and generalities, this book provides a clear road map that takes school leaders step by step through the entire PLC process. Each chapter addresses a foundational component or protocol necessary for building successful team-based learning communities using real-life examples to help teachers and leaders understand how to integrate this process and avoid common pitfalls that inhibit implementation. Whether you're just starting the PLC process or you're looking to get more out of your PLCs, this book will lead you to continued student and teacher growth regardless of current achievement levels, socioeconomic status, or impending curricular changes. **Learning That Transfers** Julie Stern, Krista Ferraro, Kayla Duncan, Trevor

Aleo, 2021-03-30 It is a pleasure to have a full-length treatise on this most important topic, and may this focus on transfer become much more debated, taught, and valued in our schools. John Hattie teaches students to use their learning to unlock new situations. How do you prepare your students for a future that you can't see? And how do you do it without exhausting yourself? Teachers need a framework that allows them to keep pace with our rapidly changing world without having to overhaul everything they do. *Learning That Transfers* empowers teachers and curriculum designers alike to harness the critical concepts of traditional disciplines while building students' capacity to navigate, interpret, and transfer their learning to solve novel and complex modern problems. Using a backwards design approach, this hands-on guide walks teachers step by step through the process of identifying curricular goals, establishing assessment targets, and planning curriculum and instruction that facilitates the transfer of learning to new and challenging situations. Key features include: Thinking prompts to spur reflection and inform curricular planning and design; Next-day strategies that offer tips for practical, immediate action in the classroom; Design steps that outline critical moments in creating curriculum for learning that transfers; Links to case studies, discipline-specific examples, and podcast interviews with educators; A companion website that hosts templates, planning guides, and flexible options for adapting current curriculum documents. Using a framework that combines standards and the best available research on how we learn, design curriculum and instruction that prepares your students to meet the challenges of an uncertain future while addressing the unique needs of your school community. [Current Trends and Best Practices of Pedagogical Content Knowledge \(PCK\)](#) Taskin Bedizel, Nazli Ruya, 2025-02-06

In the world of education, teachers face a critical challenge: the effective dissemination of knowledge to students. The intricacies of teaching go beyond mere content delivery; educators must possess a nuanced understanding of how to teach specific content to foster meaningful learning experiences. This challenge is encapsulated in the concept of Pedagogical Content Knowledge (PCK), a form of tacit knowledge that bridges the gap between subject matter expertise and effective instructional strategies. As education paradigms shift and technology reshapes the learning environment, there is a growing need for a comprehensive guide to
