Dark Side Of Healthcare, The: Issues, Cases, And Lessons For The Future Brian Edwards, 2021-05-28 The Dark Side of Healthcare draws uncomfortable lessons from over 300 case studies of events that occurred in the healthcare sector Health services have many skilled and dedicated professionals but there is a

dark side that cannot be ignored The unthinkable has happened and might have been prevented The case studies from many countries include serial killers with a health background drugs and medical devices that proved to be dangerous negligent and poor clinical practices as well as incompetent and weak management that led to failing hospitals and harm to patients There are also corruption cases accidents at work and cases involving the sexual exploitation of children Politicians early responses to COVID 19 and the subsequent missteps are also scrutinised Many of the errors and omissions that led to patient harm have been repeated This book is not an attack on health services or health professionals Instead it is a search for ways of making health delivery safer for patients and staff who deliver care often in challenging circumstances Its focus is learning rather than blame

hilarious sci fi story a Time Traveler from the 16th Century develops a taste and talent for stock car racing The Jesus Monster A lethal alien virus reaches the last healthy community on Earth Chapter One of Attack Hitler s Bunker Rudolf Eineger was left with his finger inside a dead body Repulsed he withdrew it and wiped it on the black SS tunic Richard Earlgood maverick RAF fighter pilot and Michael Dorfmann an ambitious Luftwaffe double agent plan a daring daylight attack on Adolf Hitler using Hurricane fighters piggy backing on 4 engine Stirling bombers to reach the almost completed impregnable F hrer Bunker in this WWII fiction book Anna Styles a Station X decoder had a romance with Dorfmann at Oxford and is being forced to handle the double agent She still loves Dorfmann but she has fallen for Richard too This single raid to bomb Hitler s Bunker could win the war but only one man can win Anna s heart Iron I Too Bright the Sun Seeking revenge for the death of a friend ten long years ago Major Jake Nanden has pursued his own personal demons with an almost religious fervour through life and through battle He is a soldier so highly decorated that his fame reaches far beyond the desolate moon Io where he is stationed His victories in the Jupiter Wars are hollow though for he is a man scared of his own soul His life seems to be a trap from which he cannot escape His is the Replicant Company and replicants are despised by all Likened to a cross between Blade Runner and Paths of Glory you simply must read this beautifully constructed intensely dark and powerful Science Fiction tale with a twist if you love Phillip K Dick and Isaac Asimov Chapter one of Ordo Lupus and the Temple Gate His teenage daughter is viciously murdered in Lyon by a long forgotten biblical monster A former WWII MI6 agent our hero is suspected of her murder by the police and his divorcing wife With supernatural powers of foresight he goes on the run to clear his name He has only one friend a historian and member of the modern Knights Hospitaller but with his help he embarks on a white knuckle ride to salvation In Paris a witch servant of the mysterious Catholic assassin sect Concilium Putus Visum seduces him during his quest for the secret weapon of the Cathars If he can solve a puzzling set of clues to find the weapon he might kill the monster and save his marriage But why do the assassins and the monster seem to be protecting him Lovers of Dan Brown s evocative mix of mystery and history will love this Occult Thriller a dark and powerful tale Ordo Lupus Series from the author My own family s roots uncovered gradually over ten years of concerted research had led me to one Guillaume a Chevalier Knight in 13th Century Languedoc France He was my earliest ancestor Simultaneously I had been pursuing a theological interest in the Cathars first though reading a number of books by Henry Lincoln and later through an interest in Mons gur and the Rennes le Ch teau near where the lost treasure of the Cathars is said to be hidden The Cathars were an ancient sect who came to prominence and were ruthlessly persecuted by the Catholics in the 1300s mainly in and around the Languedoc Region of France Their beliefs were gradually imported from the Mediterranean via the Balkans and possibly originated in Paulian beliefs in post Roman Istanbul ancient Constantinople They believed that the Christian god was really Rex Mundi or God of Earth and that he was an illusion created by dark forces while the real God remains hidden somewhere outside Earth I quite possibly sympathise with the Cathars because my later ancestors probably escaped the

Catholic persecution of Huguenots when they came to England in the 1500s These two areas of interest came together for me when I discovered that one of my ancestors was cast out by the Catholic Church and had been prosecuted for some unknown violation This resulted in him having to pay the church an annual tithe of a man s weight in wheat What his misdemeanour was I cannot say but he was certainly very wealthy and his daughter married well so it must have been a personal crime against the Church Was he a heretic or Cathar even though officially they had all been killed in Mons gur 200 years before This question started me on my journey A year before I started this work I read both Dan Brown and Angels Demons by Dan Brown These books were certainly an influence on me Like him I have been fascinated for many years by the rumour or myth that Mary went to France and that Jesus had a descendant Like Brown and many others I speculate that the Cathars did in fact smuggle a great treasure out of Mons gur castle under the noses of the Royalist besiegers I also speculate on what that treasure might be and how it might affect our lives if it were discovered in the modern age I wanted deeper characterisation I wanted to write something more than a mere fantasy Some of my characters are world weary but all have the tell tale footprints of life all over them Lastly I wanted the gothic The themes of blood death eroticism sex and transcendence are all things that I desire in a good novel My influences were Kate Bush The Mission Lord Byron John Keats The Eve of St Agnes is a particularly favourite poem of mine and to some extent Tolkien s Lord of the Rings Sex and death are the themes that everyone seems attracted to As a consequence I couldn t resist a climax to my novel that took place in one of the world s greatest Gothic masterpieces But you will have to read the novel to find out where Grab your copy today

Some Kind of Hero Matthew Field,Ajay Chowdhury,2015-10-12 For over 50 years Albert R Broccoli s Eon Productions has navigated the ups and downs of the volatile British film industry enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series Latterly this family run business has been crowned with box office gold and recognised by motion picture academies around the world However it has not always been plain sailing Changing financial regimes forced 007 to relocate to France and Mexico changing fashions and politics led to box office disappointments and changing studio regimes and business disputes all but killed the franchise And the rise of competing action heroes has constantly questioned Bond s place in popular culture But against all odds the filmmakers continue to wring new life from the series and 2012 s Skyfall saw both huge critical and commercial success crowning 007 as

the undisputed king of the action genre *Some Kind of Hero* recounts this remarkable story from its origins in the early 60s right through to the present day and draws on hundreds of unpublished interviews with the cast and crew of this iconic series

Structuring the Void Jerome Klinkowitz, 1992 If as the literary theorists of postmodernism contend content does not exist then how can fiction continue to be written Jerome Klinkowitz himself a veteran practitioner and theorist of fiction addresses this question in *Structuring the Void* an account of what today's novelists and short story writers do when they produce a fictive work Klinkowitz focuses on the ways in which writers finding themselves in the same position as abstract painters and death of God theologians have turned their inquiry itself into subject matter and he shows how this approach has in recent years produced something more than mere metafictional self-questioning With no subject to structure the writers Klinkowitz discusses nonetheless persist in the act of structuring For Kurt Vonnegut this has meant finding a form for an otherwise unrepresentable world by organizing his autobiography as a narrative device In the generation following Vonnegut Max Apple makes a similar move in the ritualization of a national history and popular culture while Gerald Rosen and Rob Swigart invent a style of literary comedy based on their comic response to a new imaginative state the state of California Klinkowitz also considers subjects that though they cannot be represented nevertheless exercise constraints on a writer's intention to structure In recent decades two of these pressing themes have been gender as seen here in the works of Grace Paley and war the Vietnam conflict itself as well as the struggles of two generations to come to terms with it *Structuring the void* left when content collapses these writers have as Klinkowitz demonstrates developed an entirely new style of fiction one that necessarily privileges space over time and self-invention over representation
