RYA An Introduction to Navigation (G-G77) Royal Yachting Association,Melanie Bartlett,2018-10-30 RYA An Introduction to Navigation is the latest in the RYA s popular Navigation series The book guides the reader through the basic steps of navigation so that they can learn to navigate successfully It is therefore an absolute must for everybody whether studying for the RYA Essential Navigation and Seamanship or merely looking to refresh their knowledge Chapters include The purpose of navigation Measuring direction and distance Tides and buoys Pilotage and passage planning Written by Melanie Bartlett renowned marine journalist and author of RYA Navigation Handbook RYA VHF Handbook and RYA Astro Navigation Handbook This book takes advantage of Google s accessibility features <https://support.google.com/accessibility/android/answer/6006564> hl en GB *RYA Yachtmaster Scheme Instructor Handbook (G-G27)* Royal Yachting Association,2018-09-04 This eBook is aimed at those running shorebased sail and motor cruising courses within the RYA Yachtmaster Scheme Principals and instructors alike will benefit from the guidance and information on recognition communication coaching instructing techniques and course planning Those new to the scheme can find out how to qualify as instructors for practical and shorebased courses The guidance provided within this book is intended to assist instructors and examiners in ensuring they do all they can to meet the high standards expected of them not only of the RYA but also by the students Chapters include RYA Instructor Code of Conduct Coaching and Instructing Techniques RYA Cruising Yachtmaster and Instructor Courses Organising Practical Courses Qualification of Instructors for Teaching Shorebased Courses The Organisation and Conduct of Offshore Exams This book takes advantage of Google s accessibility features <https://support.google.com/accessibility/android/answer/6006564> hl en GB [The Adlard Coles Book of Navigation Exercises](#) Alison Noice,James Stevens,2003-03-31 Previously published as The RYA Book of Navigation Exercises The Adlard Coles Book of Navigation Exercises provides graded practice questions and answers at both Day Skipper and Coastal Skipper Yachtmaster levels The book includes all the extracts required from tide tables almanacs and pilotage notes to enable the student to complete the questions and a free practice chart is included with the book for the plotting exercises **The Practical Guide to Celestial Navigation** Phil Somerville,2021-10-14 THIS EBOOK EDITION IS DESIGNED TO BE EXPERIENCED ON COLOUR DEVICES The practical guide to celestial navigation know what to do step by step understand why you re doing it and be confident that you can put it into practice when on board Did you know that a person standing on the equator is effectively travelling at 900mph And did you know that you can use this information to work out where you are in the world

to an accuracy of about 3 or 4 miles No GPS no computers Just a sextant some tables from an Almanac and the knowledge in this book It s the only back up if the GPS goes down so it s a matter of safety If you want to qualify as a commercial skipper superyacht captain you need to know how to carry out celestial navigation And if you want to pass the RYA Ocean YachtmasterTM exam you need to know it too It s a major stumbling block for many sailors wanting or needing to take their next qualifications and the other books on the market are complex and often assume some prior understanding This book fulfils the need for a clear explanation of celestial navigation illustrated with colour diagrams and including unique checklist sheets to enable you to repeat all those calculations you learned back at home when you re on deck Without overwhelming the reader with a load of theory from the off the author breaks down what you need to do step by step explaining why at every point giving the information context and making it more interesting and memorable He has trained students in this subject for years and here he s able to use his experiences of what works and what are the common pitfalls he even includes a troubleshooting chapter near the end going through errors commonly made and how to spot them The objective is that readers will finish the book not only knowing what to do but really understanding why and being able to make sense of it all again later rather than just getting through and exam and finding themselves at a loss when on deck The author also includes time tested proformas quick reference sheets that sailors can refer to when they come to putting the theory into practice on board avoiding the terrifying cold start that most sailors experience when they suddenly need to put their theoretical knowledge to the test in the real world
