Founding Mothers of the Indian Republic Achyut Chetan, 2023-01-05 The book begins with the momentous task of demolishing the prejudices attached with the phrase founding fathers that has held an immense sway over constitutional interpretation It shows that women members of the Indian Constituent Assembly had painstakingly co authored a Constitution that embodied a moral imagination developed by years of feminist politics It traces the genealogies of several constitutional provisions to argue that without the interventions of these women framers the Constitution would hardly have a much poorer document of rights and statecraft that it is Situating these interventions in the larger trajectory of Indian feminism in which they are rooted in the nationalist discourse with which they perpetually negotiated and in the larger human rights discourse of the 1940s the book shows that the women members of the Indian Constituent Assembly were much more than the founding mothers of a republic

Contemporary India as Captured by Bollywood P. Arun, 2022-01-19 The manuscript starts with a question how does a country with so much diversities like India claim to be a nation What glues it together It then suggests that Bollywood has in the last hundred years acted as one of the glues that binds the country together and that it has represented the feelings and aspiration of the country commendably It has also become the inner voice that introspects and questions the society and behaves as a collective moral compass To further this theory the seventy odd years of post independence is divided into four periods Films released in each period is shown not just to reflect the period but to comment on the need for change For example the highlighting of problems of dowry in early 1950's to 1980's which evolved from a custom to demand due to greed resulted in legislations to protect women Similarly the issue of triple talak highlighted in early 1980's leading to recent legislation on the subject Analyzing the evolution of story telling and nature of presentation the book concludes that since late nineties Hindi movies have been screaming the failure of the judiciary with initial movies showing system failure then corrupt lawyers to now questionable judges The book thus contrary to recent trends of being critical of the industry highlights the significant role it has played in contemporary times
