gamut from luxury resorts to bare bones camping **Embracing Autonomy** Gregory Weeks, 2024-03-15 Gregory Weeks's *Embracing Autonomy* departs from other general treatments of Latin American US relations not by putting US policy aside but by bringing in the Latin American and global contexts more closely and thus avoiding the incomplete picture provided by a narrow focus solely on the policies of the United States. The core of autonomy for Latin America from the United States is seen in new deeper and more numerous relationships that do not include the United States. The book is not a study of rebellion against the United States or even a critique of US policy. Instead, it is an examination of the major shifts that have taken place in the region in recent decades and how they have shaped Latin American US relations. Weeks's book provides a clearer understanding of where Latin America stands vis-à-vis the United States in the early twenty-first century. In doing so, we gain a better sense of the trajectory of Latin American US relations and how they develop in turbulent times. **Moon Dominican Republic** Lebewit Lily Girma, 2019-09-17 Diamond white beaches, countrywide carnivals, and irresistible music discover why so many have fallen head over heels for the DR.
