*Digital Diplomacy in Indonesia's Foreign Policy* Albert Triwibowo, 2025-06-02 This book introduces the developments and practices of digital diplomacy in Indonesia's foreign policy to support diplomatic practice. The analysis focuses on Indonesia's digital diplomacy specifically its implementation by the Indonesian Ministry of Foreign Affairs and its Missions in selected locations to achieve the country's foreign policy objectives. Specific case studies on palm oil, the Rohingya crisis and the COVID-19 pandemic are used to show how Indonesia's digital diplomacy is executed and performed. Arguing that Indonesian digital diplomacy follows a bottom-up approach model in its development, the author demonstrates that Indonesia's digital diplomacy is related to state-to-state communication as well as state-to-public communication. It is also utilised for communicating sensitive issues as Indonesia is still in the first stage of digital diplomacy and is influenced by domestic interests, counternarrative interests and information dissemination motives. The book is a valuable addition to the study of digital diplomacy specifically from the experience and perspective of a middle power country. It will be of interest to researchers in International Relations, Asian Politics.

*Handbook of Research on Pedagogies and Cultural Considerations for Young English Language Learners* Onchwari, Grace, Keengwe, Jared, 2017-10-31 In the schools of today, English learners are the fastest growing segment of the student population. As such, it is increasingly imperative to educate these students properly while still practicing inclusion for overall student success. The *Handbook of Research on Pedagogies and Cultural Considerations for Young English Language Learners* is an authoritative research publication on research-based theoretical frameworks and best practices for teaching young English language learners. Featuring exhaustive coverage on a variety of topics and perspectives such as co-teaching, inclusion and social awareness, this publication is ideally designed for academicians, researchers and students seeking current research on the examination of how diverse backgrounds, cultures and experiences contribute to curriculum and pedagogy for bilingual young learners.

*The Routledge Handbook of Exclusion, Inequality and Stigma in India* NMP Verma, Alpana Srivastava, 2020-08-20 This handbook critically examines the three concepts of exclusion, inequality and stigma and their interrelationship in the Indian context. Divided into five parts, the volume deals with the issues of exclusion, inequality, gender discrimination, health and disability and assault and violence. It discusses important topical themes such as caste and social exclusion in rural labour markets, impact of poverty and unemployment, discrimination in education and literacy, income inequality and financial inclusion, social security of street vendors, women social entrepreneurs, rural-urban digital divide, workplace inequality, women trafficking, acid attacks, inter-caste marriages, honour killings, health care and sanitation, discrimination faced by those with disabilities and regional disparities in India. The book traces rising socio-economic inequality and discrimination along with the severe lack of access to resources and opportunities, redressal instruments, legal provisions and implementation challenges while also looking at deep-rooted causes responsible for their persistence in society. With emphasis on affirmative action, systemic mechanisms and the role of state and citizens in bridging gaps, the

volume presents several policies and strategies for development. It combines wide ranging empirical case studies backed by relevant theoretical frameworks to map out a new agenda for research on socio economic inequality in India with important implications for public policy. Comprehensive and first of its kind, this handbook will serve as a key reference to scholars, researchers and teachers of exclusion and discrimination studies, social justice, political economy, sociology, anthropology, economics, political science, development studies, education and public administration. It will also be useful to policymakers, bureaucrats, civil society activists, non governmental organisations and social entrepreneurs in the development sector, in addition to those interested in third world studies, developing economies and the global south.

[Optimizing Online English Language Learning and Teaching](#) Maria-del-Mar Suárez, Walaa M. El-Henawy, 2023-04-14. This book focuses on English as a Foreign Language (EFL) and provides advice on how to approach EFL teaching in the online context. Coronavirus has accelerated e learning significantly and has highlighted the need of appropriate web tools that will allow teachers to present their material either synchronously or asynchronously while also adequately assess their students. At the same time, there is a need of tools that can engage the students and motivate them to actively participate in the lesson. With e learning being a rather new challenge for both teachers and students, this book provides research and practice based chapters with strategies, techniques, approaches and methods which have proven to be successful in e learning environments, maximizing their impact. Apart from presenting research results with strong pedagogical implications on online or blended English language learning and teaching, the book also trains educators on utilizing online tools and managing online learning environments and platforms.

*The Routledge Handbook of Materials Development for Language Teaching* Julie Norton, Heather Buchanan, 2022-03-16. The Routledge Handbook of Materials Development for Language Teaching is the definitive resource for all working in this area of language and English language teaching. With 34 chapters authored by leading figures from around the world, the Handbook provides an historical overview of the development of language teaching materials, critical discussion of core issues and an assessment of future directions. The contributions represent a range of different international contexts, providing insightful state of the art coverage of the field. Structured in nine sections, the Handbook covers changes and developments in language teaching materials, controversial issues in materials development, research and materials development, materials for language learning and skills development, materials evaluation and adaptation, materials for specific contexts, materials development and technology, developing materials for publication, professional development and materials writing. Demonstrating throughout the dynamic relationship between theory and practice, this accessible Handbook is essential reading for researchers, scholars and students.
