Americas Original Sin Racism White Privilege And The Bridge To A New America:

America's Original Sin Jim Wallis, 2016-01-12 America's problem with race has deep roots with the country's foundation tied to the near extermination of one race of people and the enslavement of another Racism is truly our nation's original sin It's time we right this unacceptable wrong says bestselling author and leading Christian activist Jim Wallis Fifty years ago Wallis was driven away from his faith by a white church that considered dealing with racism to be taboo His participation in the civil rights movement brought him back when he discovered a faith that commands racial justice Yet as recent tragedies confirm we continue to suffer from the legacy of racism The old patterns of white privilege are colliding with the changing demographics of a diverse nation The church has been slow to respond and Sunday morning is still the most segregated hour of the week In America's Original Sin Wallis offers a prophetic and deeply personal call to action in overcoming the racism so ingrained in American society He speaks candidly to Christians particularly white Christians urging them to cross a new bridge toward racial justice and healing Whenever divided cultures and gridlocked power structures fail to end systemic sin faith communities can help lead the way to grassroots change Probing yet positive biblically rooted yet highly practical this book shows people of faith how they can work together to overcome the embedded racism in America galvanizing a

movement to cross the bridge to a multiracial church and a new America *Recollecting America's Original Sin* Alison Mearns Benders, 2022-05-14 Recollecting America's Original Sin A Pilgrimage of Race and Grace journeys into anti black racism throughout US history through a Christian spirituality lens The reflections are fashioned as a spiritual pilgrimage that integrates listening reflecting and daily living It recollects the nation's freedom struggles around race our original sin which constrains and stains us now as ever Walking a holy road of past present and future meaning the chapters interlace historical moments and places into a web of provocative concerns Anyone desiring to respond faithfully to the justice reckonings now seizing our country will travel the race and grace journey in these pages **Vaticanum 21** Prof. Christoph

Böttigheimer, René Dausner, 2017-03-02 In Erinnerung an die Beendigung des II Vaticanums am 8 Dezember 1965 fand im Dezember 2015 ein internationaler Kongress zu den Herausforderungen für Theologie und Kirche im 21. Jahrhundert statt Der Band enthält die Schlusserklärung sowie alle Kongress Vorträge So werden ein umfassender Einblick in die Konzilsrezeption gewährt und Perspektiven auf die für Theologie und Kirche heute zentralen Themen eröffnet Ein Anhang enthält die Erklärung des Pariser Theologenkongresses vom April 2015 *Christentum und Populismus* Walter Lesch, 2017-09-15 Das Entsetzen

ist groß sobald Populisten nach religiösem Rückhalt suchen und sich dafür christliche Legitimationen zu Nutze machen Aus guten Gründen werden extremistische politische Programme und die menschenfreundlichen Werte des Christentums als unversöhnliche Gegensätze gesehen Um aber nicht auf einem Auge blind zu sein sollten Christen ihre eigene komplizierte Geschichte mit dem Populismus anschauen Denn ihr Denken ist nicht frei von Tendenzen die in einer Außenperspektive als populistisch oder fundamentalistisch bezeichnet werden können Autoritätsfixiertheit Pluralismusfeindlichkeit Xenophobie

Kritik an Eliten usw sind ständige Begleiter von Volksreligion Dieses von Walter Lesch herausgegebene Buch verfolgt ein doppeltes Ziel Die Beiträge haben die Absicht die klare Positionierung gegenüber dem Populismus mit Argumenten zu untermauern und die Chance zu nutzen einen selbstkritischen Blick auf unheilige Allianzen zwischen Populismus und Religion zu werfen Dies geschieht in der festen Überzeugung dass nur der glaubwürdig gegen den Populismus auftreten kann der vor der eigenen Haustür gekehrt und seine Altlasten entsorgt hat Denn gerade Religionen sind nicht immun gegen populistische Muster der Sicht auf Politik und Gesellschaft Wer sich dieser irritierenden Berührungspunkte bewusst ist gewinnt an Glaubwürdigkeit und entdeckt neue Perspektiven der Weiterentwicklung seiner Überzeugungen Unverzichtbar für alle politisch wachen Christen und aufmerksamen Beobachter der Religion Im Rahmen der aktuellen Kontroversen fällt auf wie die christlichen Kirchen mit oft unmissverständlicher Schärfe gegen populistische Stimmungsmache und für ein Projekt aufgeklärter und toleranter Demokratie Partei ergriffen haben Dieser Elan ist nachdrücklich zu begrüßen und soll auf keinen Fall gebremst werden

Revelation for the Rest of Us Scot McKnight, Cody Matchett, 2023-02-28 See how the Book of Revelation can be read as a book of discipleship challenging Christ followers everywhere to live as hopeful agents of resistance and transformation The last book of the Bible frustrates and frightens many people with its imagery and apocalyptic tone Popular interpretations rely on fear and politicization and often lead to pride and alienation of others Is this really how we were intended to read John's Revelation In Revelation for the Rest of Us Scot McKnight with Cody Matchett explore the key message of Revelation and how it Calls us to be faithful and hopeful witnesses to Jesus Stimulates our imagination to see the world through the eyes of God and excite our faith Challenges us to stand against the militarism economic exploitation oppression and injustice of worldly authorities McKnight addresses the popular misconceptions about the book explaining what John means in his use of the images of dragons lambs and beasts and how the symbolism of Revelation spoke in the days of Rome and still speaks powerfully to the present day though not in the way most people think You'll learn to see the Book of Revelation in a fresh

and hopeful new way Drawing from the latest scholarship the authors present an understanding of Revelation for anyone interested in deepening their personal study of the Bible and strengthening their faith as dissident disciples who can discern the presence of Babylon in our world and learn to speak up speak out and walk in the way of the Lamb **The Myth of Equality** Ken Wytsma,2019-07-23 Is privilege real or imagined Ken Wytsma founder of the Justice Conference unpacks what we need to know to be grounded in conversations about today s race related issues And he helps us come to a deeper understanding of both the origins of these issues and the reconciling role we are called to play as witnesses of the gospel

Force, Religion, and the Quest for African American Justice Daniel A. Morris,2025-06-26 This study argues that Black calls for force in the struggle against white supremacy have echoed concepts and principles in the Western just war tradition After establishing that just war theory has ignored Black calls for force and that the Trans Atlantic Slave Trade relied on just war ethics for its justification this book turns to African American resistance rhetoric in three crucial periods of U S history In the antebellum period the Civil Rights movement and the era of mass incarceration African American thinkers have drawn on ideas and forms of logic that run parallel to just war ethics This makes Black rhetoric of forceful resistance morally normal rather than radical or extremist Figures in the Black just war tradition such as David Walker Henry Highland Garnet Harriet Tubman Huey Newton Bree Newsome and others should be included in the discipline of just war ethics and white American Christians should recognize that their endorsements of force are consistent with widely accepted moral positions

God's Favorites Michael Coogan,2019-04-02 A noted biblical scholar explores how the claim of divine choice has been used from ancient times to the present to justify territorial expansion and prejudice The Bible describes many individuals and groups as specially chosen by God But does God choose at all Michael Coogan explains the temporally layered and allusive storytelling of biblical texts and describes the world of the ancient Near East from which it emerged laying bare the power struggles the acts of vengeance and persecutions made sacred by claims of chosenness Jumping forward to more modern contexts Coogan reminds us how the self designation of the Puritan colonizers of New England as God s new Israel eventually morphed in the United States into the self justifying doctrines of manifest destiny and American exceptionalism In contemporary Israel both fundamentalist Zionists and their evangelical American partners cite the Jews status as God s chosen people as justification for taking land for very different ends Appropriated uncritically the Bible has thus been used to reinforce exclusivity and superiority with new myths based on old myths Finally in place of the pernicious idea of chosenness Coogan suggests we might instead focus on another key biblical concept taking care of the immigrant and the refugee reminding the reader of the unusual focus on the vulnerable in both the Hebrew Bible and New Testament

Gratuitous Angst in White America Deena A. Isom,2023-12-19 *Gratuitous Angst in White America* presents a new criminological theory that explains the racialized experiences of white people Unlike orthodox traditions that assume whiteness as normative or progressive traditions that center the experiences of the marginalized and oppressed the theory of whiteness and crime flips those perspectives and turns a lens toward white people s lived experiences and the ideologies of whiteness The theory of whiteness and crime answers two overarching questions How does being white impact one s likelihood of engaging in deviant criminal and or violent behaviors And why are white people treated differently than other racial and ethnic groups by the

criminal legal system Through the application of a critical whiteness perspective to criminology the theory of whiteness and crime is an intersectional and integrated framework that explains within and between group differences in negative behaviors and entanglements with the criminal legal system This book examines the racialized history of America to contextualize the current racial strife in society and inform a more nuanced theoretical approach to explaining disparities The reader will gain a socio historical understanding of the depths of the current divides and insight into how such are perpetuated and potentially dismantled Students will see connections between various theoretical traditions and an application of theory to current social conditions Researchers will acquire a new theoretical foundation and propositions to ground empirical work that will fill extensive gaps in the criminological literature And policy makers will see how oversights in understanding the depths of historical significance perpetuate and increase disparities and disadvantages which are counter to a pursuit of justice Written in a compelling and direct way this book will appeal to those in criminology sociology race and ethnic studies gender and sexuality studies political science cultural studies psychology criminal justice law and beyond *Gratuitous Angst in White America* is essential for those seeking a more complete understanding of the associations between race and crime and those who want to remedy those disparities In the end it is more than a new theory of crime it is a call to action for all willing to hear

American Identity B. Kumaravadivelu, 2024-06-25 Recent events such as the storming of the U S Capitol on January 6 2021 have led many Americans to lament that the nation they grew up with is unrecognizable now They see threats to national and individual identity and are fiercely engaged in protecting them In doing so some of them deliberately blend the distinction between myth and reality In this timely and relevant book the author seeks to provide a critical perspective on who we really are Taking into consideration the prevailing political social and cultural conflicts the author re examines the changing nature of American identity primarily its creedal identity religious identity cultural identity and linguistic identity and does so within a broader perspective informed by national and global network of connections Based on his lived experience as a naturalized citizen and his learned knowledge as a scholar he synthesizes the professional the political and the personal He draws insights from multiple disciplines in Humanities and Social Sciences from surveys conducted by agencies like the Pew Research Center and from the practice of everyday American life

Myths America Lives By By Richard T. Hughes, 2018-09-05 Six myths lie at the heart of the American experience Taken as aspirational four of those myths remind us of our noblest ideals challenging us to realize our nation s promise while galvanizing the sense of hope and unity we need to reach our goals Misused these myths allow for illusions of innocence that fly in the face of white supremacy the primal American myth that stands at the heart of all the others

Assaulted Personhood Craig C. Malbon, 2020-12-14 In 21st century America personhood is under daily assault sometimes with dire consequences Scientist ethicist and ordained minister Craig C Malbon encourages the reader to consider such assaults on personhood endured by victims of abortion ageism Alzheimer s disease drug addiction mental and physical disabilities gender gender orientation

racism sexual preference identity politics and our will to power over the other In exploring personhood status Malbon poses difficult questions for us Is personhood assigned as all or nothing or is it a sliding scale based upon criteria arbitrarily aimed at our vulnerabilities Does the voiceless embryo and fetus have advocates who can speak to the moral question of abortion Is the personhood of an economically insecure pregnant woman degraded to the point where lack of access to early termination of pregnancy results in coercive childbearing Does being a member of the LGBTQI community target one for assaults on personhood to the extreme of being killed In delving into the biology and psychology of assaults of self upon the other Malbon sees powerful linkages of everyday assaults on personhood to darker profound original sins that are foundational to the rise of the American empire i e assaults on the indigenous Native Americans and assaults derivative to the institution of slavery upon Africans African Americans and their descendants

Social Justice Goes To Church: The New Left in Modern American

Evangelicalism Jon Harris, 2020-10-06 The infusion of social justice into the gospel may well be the most dangerous problem facing the church today Yet it is going unnoticed in far too many circles Social Justice Goes to Church can serve as a wake up call Samuel C Smith Ph D Chair and Graduate Program Director Department of History Liberty University In order to understand why so many evangelicals recently support left leaning political causes it is important to know a little history In the 1970s many campus radicals raised in Christian homes brought neo Marxist ideas from college back to church with them At first figures like Jim Wallis Ron Sider and Richard Mouw made great gains for their progressive evangelical cause But after the defeat of Jimmy Carter the religious right stole the headlines Today a new crop of mainstream evangelicals has taken up the cause of the New Left whether they know it or not As pro life evangelicals rush to support movements like BlackLivesMatter and MeToo it is important to realize they are walking in footprints already laid down Their mission may be

more successful but it is not new To understand where the evangelical social justice movement is heading it is vital to understand the origins of the movement Social Justice Goes to Church The New Left in Modern American Evangelicalism answers from a historical perspective the vital question Why are American evangelicals moving Left The great injunction to the Church was to preach the Gospel to the world while not being of the world Social justice neatly reverses this trend preaching the ways of the world into the church That is not its only critical reversal The Gospel is about freedom from guilt and sin and bondage Social justice seeks above all to apportion guilt and sin and bondage enslaving entire demographics and requiring that they kneel before man in attrition How important that a book of this nature should enter the fray right now I applaud Mr Harris for his excellent work in providing the practical means of identifying and repelling this fraudulent force this ideological interloper this dangerous false teaching Douglas Kruger Author of Political Correctness Does More Harm Than Good How to Identify Debunk and Dismantle Dangerous Ideas

[The Violence Inside Us](#) Chris Murphy, 2020-09-01 An engrossing moving and utterly motivating account of the human stakes of gun violence in America Samantha Power Pulitzer Prize winning author of The Education of an Idealist Is America destined to always be a violent nation This sweeping history by U S senator Chris Murphy explores the origins of our violent impulses the roots of our obsession with firearms and the mythologies that prevent us from confronting our national crisis In many ways the United States sets the pace for other nations to follow Yet on the most important human concern the need to keep ourselves and our loved ones safe from physical harm America isn't a leader We are disturbingly laggard To confront this problem we must first understand it In this carefully researched and deeply emotional book Senator Chris Murphy dissects our country's violence filled history and the role that our unique obsession with firearms plays in this national epidemic Murphy tells the story of his profound personal transformation in the wake of the mass murder at Newtown and his subsequent immersion in the complicated web of influences that drive American violence Murphy comes to the conclusion that while America's relationship to violence is indeed unique America is not inescapably violent Even as he details the reasons we've tolerated so much bloodshed for so long he explains that we have the power to change Murphy takes on the familiar arguments

obliterates the stale talking points and charts the way to a fresh less polarized conversation about violence and the weapons that enable it a conversation we urgently need in order to transform the national dialogue and save lives
