The Adult Baby Identity: A Self-help Guide (Diaper Version) Dylan Lewis,2024-10-15 Dylan Lewis fourth book of the Adult Baby Identity quadrilogy a self help guide Knowing who we are as individuals is the most important journey in our lives and for many it is the most difficult one Even for people we call vanilla with no apparent kinks and oddities it is a herculean task But when you are an Adult Baby it is a vastly more complex mission Add being sissy to the mix and we are already pushing uphill and failing miserably But if we don t know who we are we act as if we are someone we are not We try to create a personality not fully our own We create masks and in doing so we create problems for ourselves and others around us This is the true value of books like this and others along the same vein ABDL is not like other identity problems It is unique different and requires a perspective all of its own It is not about gender although gender issues can be involved It is not about sexual preference although that can be involved as well It is primarily about age and being powerfully driven back to a time of life

most have left behind and yet we still literally inhabit **Sex, Psychology and ABDLs (Nappy Version)** Dylan Lewis,2024-04-22 Dylan Lewis delivers yet another stunning psychology book about the nature of Adult Babies Sex One of the most mysterious words in the entire English language And in any language sex remains that mysterious aspect of life that we all want enjoy fear and misunderstand Its power is enormous able to move powerful men and women sometimes with a mere surge of hormones It is both the cement of relationships and the destroyer of lives We all feel it We all desire it and yet we understand it poorly We can disrespect and misuse it We can allow endless masses of porn to destroy the truth of sexual intimacy And if that wasn't a big enough morass of confusion mixed with delight you add the complication of being adult babies into the mix and understanding is even further away Being an adult baby is both deeply confusing and at times overpowering all in its own right We do not need the additional layer of confusion that sexuality brings to it But it is here just the same regardless of how we feel about it Believing that you are in a subjectively real way still in part a baby is at odds with the post pubescent experience of sexual arousal engagement and climax How can we be babies and toddlers and still be fully sexual beings And how do we combine the two without torturing ourselves by the fear of being inappropriate Many have asked that question and struggled with the dual aspects of who we are adult and infant Dylan Lewis begins a deep and detailed analysis of sex and adult babies He answers some of the complex and confusing aspects of sexual behaviour we experience while still wearing diapers baby clothes and sucking a dummy This book has the power to answer academic questions but also to relieve us of the burdens and fears that our dual natures often impose on us Read and discover the truth of being a sexual being AND an Adult Baby **Understanding Dissociative Identity Disorder** Lindsay
