*Unrecht und Verdrängung* Masouda Sulaiman-Khil, 2009      **Secular and Islamic Feminist Critiques in the Work of Fatima Mernissi** Raja Rhouni, 2010 This book presents a detailed critical analysis of the work of Fatima Mernissi Mernissi is considered to be one of the major figures in Feminist thought for both Morocco and Muslim society in general This work discusses Mernissi's intellectual trajectory from secular to Islamic feminism in order to trace the evolution of so called Islamic feminist theory The book also engages critically with the work of other Muslim feminists using frameworks and approaches developed in the works of Muslim reformist thinkers namely Mohammed Arkoun and Nasr Abu Zaid with the aim of engaging the theorization of this emerging Feminism      **Islam** Cenap Çakmak, 2017-05-18 This expansive four volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity One of the most popular and widespread religions in the world Islam has attracted a great deal of attention in recent times particularly in the Western world With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans there is ever increasing need to examine and understand Islam as a religion and historical force Islam A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition Each entry begins with a basic introduction followed by a general discussion of the subject and a conclusion Each entry also features a further readings list for readers In addition to supplying a comprehensive authoritative overview of Islam this work also specifically addresses many controversial related issues including jihad violence in Islam polygamy and apostasy      The QUR'AN and the CROSS John O'Brien, 2020 Muslim reflection on the Cross is dominated by the notion of a substitute being crucified in Jesus place something never mentioned in the Qur'an Reliant on repetition of decontextualized lexicographical readings it does scant justice to the spiritual depth and hermeneutical finesse of the Qur'an Failing to note the ironic trope of the text it conceptualizes the supremacy of God in merely this worldly terms reducing divine mystery to the mythical and the banal Far from explaining Qur'an 4:157 Substitutionism obscures and distorts it      Tareeqat Dr. Kamran Ahmad, 2015-05-01 Sufism has become a lush spiritual experience in the everyday lives of millions the world over For centuries Sufism has evolved to form an integral path through the essence of life Especially for the people of Pakistan Sufism winds like a cool mystical stream nurturing a parched landscape No one knows this better than Kamran Ahmad Ph D scholar of Religion and Psychology in the United States and his native Pakistan Yet today messages to Sufis abound from all sides messages saying what religious life should look like proposing that Sufis cast aside these deeply held beliefs Those who would impose religious ideals on others don't seem to grasp the powerful spiritual roots in our daily life that run deeper than anything that can be prescribed What's more we may need to be reminded of these deep roots ourselves In his landmark work Tareeqat Dr

Kamran Ahmad peels back the veil to reveal this rich inner life in all its suppleness and strength He bravely takes on critics who would leave secrets of the heart and soul untouched unspoken Tareeqat offers a spiritual richness that defies description and will leave you breathless Dr Ahmad maintains that the Sufi connection to spiritual essence remains an unspoken unwritten truth In Tareeqat you will discover that a paradox has taken hold of the South Asian region one that keeps us tacitly quiet about what matters most In an unspoken language the dictate decrees that matters of the spirit secrets of the spirit and secrets of the heart are taboo topics They re not to be talked about written about or argued about They are to be experienced They are to be lived as part of everyday life much as a haunting melody weaves its magic in and out of consciousness When you read Tareeqat you will discover how strong and deep the spirit runs in our everyday lives and relationships As you do you will clearly see the path to recognize it for what it is embrace it with love live it with pride in its eternal flow in its ever changing forms You will gain the courage to see the richness of Sufism for all that it is all it can be And you will never look at life same way again Shi'ism Hamid Dabashi,2012-05-07 For a Western world anxious to understand Islam and in particular Shi ism this book arrives with urgently needed information and critical analysis Hamid Dabashi exposes the soul of Shi ism as a religion of protest successful only when in a warring position and losing its legitimacy when in power Dabashi makes his case through a detailed discussion of the Shi i doctrinal foundations a panoramic view of its historical unfolding a varied investigation into its visual and performing arts and finally a focus on the three major sites of its contemporary contestations Iran Iraq and Lebanon In these states Shi ism seems to have ceased to be a sect within the larger context of Islam and has instead emerged to claim global political attention Here we see Shi ism in its combative mode reminiscent of its traumatic birth in early Islamic history Hezbollah in Lebanon claims Shi ism as do the militant insurgents in Iraq the ruling Ayatollahs in Iran and the masses of youthful demonstrators rebelling against their reign All declare their active loyalties to a religion of protest that has defined them and their ancestry for almost fourteen hundred years Shi sm A Religion of Protest attends to the explosive conflicts in the Middle East with an abiding attention to historical facts cultural forces religious convictions literary and artistic nuances and metaphysical details This timely book offers readers a bravely intelligent history of a world religion **Examining Islam in the West** Alwi Shihab,2011

Muslim Educational Thought in the Middle Ages S. M. Ziauddin Alavi,1988 **In Search of Understanding** Clinton Bennett,2019-10-04 Clinton Bennett reflects on four decades of engagement with Muslims and Christian Muslim relations as a missionary scholar and interfaith activist Set in the context of his personal story chapters discuss a series of critical questions to the Christian Muslim relationship reprising earlier writing Bennett asks can Christians appreciate the prophet Muhammad as a genuine messenger from God or is this theological treason How might Christians respond to the Muslim claim that Jesus was a prophet and is not God incarnate Can Christians with integrity regard the Qur n as a word from God and is there any possibility of rapprochement on the issue of whether Jesus died on the cross Focusing on the United States

Bennett also describes church sponsored Christian Muslim initiatives and offers suggestions on how Christians can rethink their ideas about Muslims and cooperate with them in peace and justice advocacy and social and community development Exploring some of the causes of Islamophobia Bennett set out to challenge Christians to keep the commandment not to bear false witness against their Muslim neighbors

*Jesus and the Incarnation* David Emmanuel Singh,2011 Jesus and the Incarnation Reflections of Christians from Islamic Contexts In the dialogues of Christians with Muslims nothing is more fundamental than the Cross the Incarnation and the Resurrection of Jesus An open and honest conversation on these is a necessity as Christians all over the world meet with Muslims on a daily basis Building on the volume on the Cross published in 2009 this book contains voices of Christians living in various Islamic contexts and reflecting on the Incarnation of Jesus The aim of these reflections is constructive and the hope is that the papers weaved around the notion of the Word will not only promote dialogue among Christians on the roles of the Person and the Book but also create a positive environment for their conversations with Muslim neighbors
